I would like to speak at the Planning Commission Public forum please at South Bellevue Community Center at 1800. This is a massive complex that hopefully will be built near light rail and downtown. It will be the hub for East King County and all towns and city on the Eastside that will contract out for professional services rendered but available to the public and anyone on the eastside that needs access 24/7 to crisis clinic

P.S. I asked for a private meeting with the mayor and Deputy mayor this summer. I was told it would be scheduled September or October after they returned.
