Kevin McDonald AICP
Transportation

April 5, 2021

Direction

- Initiate Transportation Element policy amendments related to multimodal concurrency and repealing the Comprehensive Transportation Project List from the Comprehensive Plan

Agenda

1. Review recommended City-Initiated CPAs pertaining to the Transportation Element and the Comprehensive Transportation Project List
2. Council direction to add City-Initiated proposals to 2021 Annual CPA Work Program

Transportation CPAs

Multimodal Concurrency – Mobility Implementation Plan (MIP):

- Council has directed Transportation Commission to prepare a recommendation to broaden existing vehicle-focused concurrency standard to a multimodal approach
- CPA would amend or add policies in the Transportation Element to embed multimodal concurrency, including amending maps and narrative

Comprehensive Transportation Project List (CTPL):

- CTPL was added to the Comprehensive Plan in the 2015 update to consolidate all transportation projects
- CPA would repeal the CTPL from the Comprehensive Plan
- CTPL would be replaced fully by the Transportation Improvement Program (TIP) in 2022. Council updates the TIP annually to reflect planned projects.

Direction

- Initiate Transportation Element policy amendments related to multimodal concurrency and repealing the Comprehensive Transportation Project List from the Comprehensive Plan
