Hi Planning Commission,

I plan to provide oral comment at tonight's meeting in support of pursuing a truly ambitious vision for the Eastgate and Factoria neighborhoods, especially with light rail expansion on the horizon.

Sometimes a picture is worth a thousand words, so I'm also sharing this op-ed I recently published in The Urbanist about the potential for transit-oriented redevelopment in Eastgate. It includes maps, renderings, and specific ideas you may wish to consider. Please consider taking a look!

Thank you,

Cosmos

Dear Bellevue Planning Commission;

Heard Tsimerman's latest rant. He might have a point about cameras but that's buried in so much anti-semitic and Islamophobic bile and lies that I feel I have to condemn it.

The next time that Alex Tsimerman engages in anti-semitism and lies and abuse of you and your elected bosses, ban him for six months please.

At this point, Tsimerman should be banned from Bellevue City Hall for a year.

Thoughtfully;

Joe A. Kunzler
