

URBAN DESIGN ELEMENT

Map UD-1 Boulevard and Intersection Improvements

This map designates streets and intersections that play a significant role in establishing Bellevue's design character. See Policy UD-xx for a description of City Boulevards, Policy UD-xx for a description of Scenic Boulevards and Policy UD-xx for a description of Key City Entry and Neighborhood Identity Points, and Designated Intersections.

URBAN DESIGN ELEMENT

Map UD-2 Shopping Streets

This map designates key streets adjacent to neighborhood shopping centers and other neighborhood retail areas that offer the opportunity to operate as the local “main street” and support active retail uses. See Policy UD-xx for a description of Shopping Streets.
