

**ADDENDUM TO EXTEND FRANCHISE AGREEMENT (ORDINANCE NUMBER 6275) BETWEEN  
OLYMPIC PIPELINE COMPANY AND THE CITY OF BELLEVUE**

The City of Bellevue and Olympic Pipe Line Company LLC, a Delaware limited liability company, enter into this addendum to extend the terms and conditions of Ordinance No. 6275 as specified below.

RECITALS:

- A. The Olympic Pipe Line Company LLC (“Olympic Pipeline”) and the City of Bellevue (collectively the “Parties”) entered into a franchise agreement (the “Agreement” or Ordinance No. 6275) granting Olympic Pipeline a non-exclusive right within and through the franchise area of Bellevue, to construct, operate, maintain, remove, replace, and repair its existing pipeline facilities for transportation of petroleum products.
- B. The Agreement has a renewable 10-year term and it took effect on February 26, 2016.
- C. The Bellevue City Council may take action to authorize execution of a renewed or renegotiated franchise agreement, which must be adopted by ordinance.
- D. The original 10-year term of the Agreement will expire before the Parties can formally execute a renewal or renegotiated franchise agreement.
- E. Section 4.3 of the Agreement provides:

If the parties fail to formally renew the Franchise prior to the expiration of its term or any extension thereof, the Franchise may be extended on a year-to-year basis (or such term as the parties may mutually agree) until a renewed Franchise is executed.

AGREEMENT:

Thus, pursuant to Section 4.3 of the Agreement, the Parties agree:

- 1. To extend all terms and conditions of the original Agreement until November 26, 2026 or until a renewal or renegotiated Agreement takes effect, whichever is sooner.
- 2. All terms and conditions of the original Agreement (Ordinance No. 6275) remain in full force and effect until this Addendum expires or a renewal or renegotiated agreement takes effect.
