Public Hearing on Housing and Human Services Needs in Bellevue

The department of Housing and Urban Development (HUD) regulations require the City to hold a public hearing for Community Development Block Grant (CDBG) funding each year on housing and human services needs in Bellevue. This information will be used during the development of the 2025-2029 Consolidated Plan and is considered in the 2025 CDBG funding allocation process. The five-year Consolidated Plan outlines the overarching priorities and goals the City will use to guide the spending of its CDBG entitlement funds during the 2025-2029 Consolidated Plan and includes the Annual Action Plan for the 2025 CDBG program year. Following the RFP and application period for 2025 CDBG funding, a second public hearing will be held after the Human Services Commission makes its preliminary 2025 CDBG funding recommendations. A third public hearing will be held in the fall prior to the Commission adopting the Consolidated Plan.

All interested persons and members of the public are invited to provide comment on housing, community development and human services needs in the City.
