On September 16, Chief Wendell Shirley, Assistant Chief Andrew Popochock, and Public Information Officer Drew Anderson will provide Mayor Lynne Robinson and the Bellevue City Council a public safety update, detailing how the Bellevue Police Department is maintaining the city as a safe place for every community member to live, work, and visit.

This presentation will provide a basic overview of the department's operation throughout the 2025 calendar year to date. This includes sharing updated crime statistics for the City of Bellevue as well as how the agency's Prevention, Intervention, and Enforcement (P.I.E.) approach to its work creates positive moments for the department that will last in the long term.
