

CITY COUNCIL REGULAR SESSION

Resolution authorizing execution of a Professional Services Agreement between the City of Bellevue and Aspect Consulting LLC in the amount not to exceed \$193,106, plus all applicable taxes, to conduct a Stormwater Best Management Practices Study.

Lucy Liu, Deputy Director, 452-4445
Don McQuilliams, Operations Manager, 452-7865
Utilities Department

EXECUTIVE SUMMARY

At the November 22, 2021 Council meeting, Council authorized an Interagency Agreement between the City of Bellevue and the Washington Department of Ecology to fund a Stormwater Best Management Practices Study. Adoption of this Resolution will authorize Staff to execute a contract to perform the Stormwater Best Management Practices Study.

RECOMMENDATION

Move to adopt Resolution No. 10067

BACKGROUND/ANALYSIS

As a requirement of the National Pollutant Discharge and Elimination System (NPDES) permit, the City pays into a regional fund supporting Stormwater research. Ecology solicits study requests and projects are evaluated by a team of regional partners. During the last round of study requests, Bellevue submitted a study request to evaluate current Best Management Practices (BMP's) of Stormwater maintenance as outlined in the Stormwater Management Manual for Western Washington (SMMWW). The project was approved to move forward and is currently scheduled to begin in March of 2022.

POLICY & FISCAL IMPACTS

Policy Impact

Bellevue City Code 4.28 provides for the fair and equitable treatment of all persons involved in the purchasing process. Council approval is required to award a contract where the cost exceeds \$90,000.

Fiscal Impact

There are no fiscal impacts to Utilities under this Resolution. Funding for the study is paid for by the Department of Ecology under the previously approved Interagency Agreement.

OPTIONS

1. Adopt the Resolution authorizing execution of a Professional Services Agreement between the City of Bellevue and Aspect Consulting LLC in the amount not to exceed \$193,106, plus all applicable taxes, to conduct a Stormwater Best Management Practices Study.
2. Do not adopt the Resolution and provide alternative direction to staff.
