

MEMORANDUM

Phone: 425-452-2733

Date: June 1, 2015

To: Mayor Balducci and City Councilmembers

From: Myrna Basich, Assistant City Manager/City Clerk

Subject: Council Rules

This item was previously scheduled for discussion on May 11, and the attached agenda materials are reprinted from that packet. Due to the press of other business, the item was postponed, but Councilmembers were invited to provide suggestions for any additional amendments to the City Clerk. Two suggestions were received and draft Motion language is provided below for your consideration:

1. Councilmember Robinson suggested that a second Oral Communications opportunity be provided at the end of the Extended Study Session agenda (this would parallel the second speaking opportunity that has been historically provided at the conclusion of the Regular Session agenda).

Suggested Motion language:

Referring to the portion of Section 7A of Council's Rules stating the order of business for Extended Study Sessions held on the second and fourth Mondays, I move to add a new Item 6 to incorporate a second Oral Communications opportunity.

2. During the May 26 meeting, Councilmember Robertson suggested that an additional provision be added to Section 8 - Public Testimony to prohibit the use of profanity by members of the public while providing testimony at Council meetings.

Staff are working to develop draft motion language in response to this request and will provide it to Council prior to the meeting.
