**Agenda Item for July 20, 2021 Commission Meeting**

**2021-22 Human Services Need Update: Initial Findings**

Bellevue's Human Services Needs Update is an analysis of the health and human services trends and issues that affect the quality of life of Bellevue residents. The Needs Update is used by the Human Services Commission to guide the recommendation for allocation of our Human Services Fund and Community Development Block Grant to the City Council. The Human Services Division staff use the document to direct our work and forecast how the city can prepare for changes in human services.

Staff will provide an overview of the initial findings from the community phone and online survey and community conversations. Staff will also briefly discuss the timeline for continued data gathering and the completion of the Needs Update.
