Agenda item for May 5, 2025

Public Hearing on Human Services Needs in Bellevue

The department of Housing and Urban Development (HUD) regulations require the City to hold a public hearing for Community Development Block Grant (CDBG) funding each year on housing and human services needs in Bellevue. This information and input will be used to inform future human services funding recommendations and during the development of the 2026 Annual Action Plan and is considered during the 2026 CDBG funding allocation process. The Annual Action Plan outlines the overarching priorities and goals the City will use to guide the spending of its CDBG entitlement funds during the 2026 CDBG program year. Following the application period for 2026 CDBG funding, a second public hearing will be held after the Human Services Commission makes its preliminary 2026 CDBG funding recommendations.

All interested persons and members of the public are invited to provide comment on housing, community development and human services needs in the City.
