BACKGROUND & ANALYSIS

On September 20, Council reviewed the ARCH budget and work program and directed that these items return on consent for Council action. The following information was previously provided to Council at the September 20 Study Session.

ARCH Executive Manager Memorandum

Attachment A is a Memorandum from ARCH Executive Manager Lindsay Masters, forwarding the ARCH 2022 Budget and Work Program approved by a unanimous vote of the ARCH Executive Board on June 10. Included with the ARCH memorandum are the recommended 2022 Administrative Budget (Attachment A1) and recommended 2022 Work Program (Attachment A2).

The 2022 Administrative Budget and Work Program priority objectives are as follows:

2022 ARCH Administrative Budget

ARCH's 2022 proposed Administrative Budget of \$1,490,462 represents a 29 percent (\$335,201) increase over the 2021 budget and reflects the following:

- Two new staff positions are included to address gaps in current staff capacity which will focus on administration of local incentive programs, monitoring the expanding portfolio of Housing Trust Fund investments, and assisting with administration of a new funding sources, including new affordable housing sales tax resources.
 - Revenue from new administrative fees are used to free up funds for one new position.
 - A new tier of member dues is created to cover the second new position. The dues are allocated to the member cities that utilize ARCH for incentive program administration.

- ARCH Executive Board members agreed a third new staff position is warranted, but given current fiscal constraints, this position will not be included in ARCH's budget until 2023.
- King County will contribute an additional \$50,000 in dues intended to support activities that advance the Regional Affordable Housing Task Force Action Plan.
- The Board will continue to evaluate ARCH's monitoring and stewardship workload to ensure sufficient staff capacity to keep up with growth.

Bellevue's share of the ARCH 2022 Administrative Budget is \$344,457. This amount is divided between an in-kind contribution for personnel (Executive Manager position), insurance and information technology (IT) services totaling \$203,103, and a cash contribution for administrative costs totaling \$141,353. This total represents a 22 percent increase from 2021 and 23 percent of the overall ARCH budget. Bellevue's share of the ARCH administrative budget is appropriated within the General Fund.

2022 ARCH Work Program

The ARCH Work Program for 2022 includes:

- Provide a housing needs analysis for all member cities in support of Comprehensive Plan periodic updates mandated for jurisdictions planning under the Growth Management Act (GMA);
- Report on measurable goals for production and preservation of affordable housing in the ARCH region;
- Continue to support proposals for dedicated revenue sources for affordable housing;
- Expand ARCH's capacity to accomplish its broader mission;
- Continue to provide excellent stewardship of affordable housing assets, and develop new compliance tools to meet evolving program, property and tenant needs;
- Seek opportunities to advance projects and programs with high potential impact and facilitate projects in the pipeline to the greatest extent possible; and
- Develop a strategic planning process to guide the ARCH coalition into 2023 and beyond.

ARCH's work program includes a variety of work to assist Bellevue staff implementing actions in Bellevue's Affordable Housing Strategy, including policy and planning support, administration of affordable housing incentives and funding initiatives, and long-term monitoring and stewardship of affordable rental and homeownership housing with City covenants.
