BACKGROUND/ANALYSIS

Pursuant to RCW 84.55.005; 84.55.0101 and 84.55.092 this Resolution ensures the City's ability to preserve the levy amount available to ensure sufficient capacity to fund operating costs of new facilities and maintain current levels of service.

POLICY & FISCAL IMPACTS

Policy Impact

RCWs 84.55.005, 84.55.0101, and 84.55.092- State law specifies that all optional code cities must adopt, by resolution, their intention to save and the amount of property tax capacity the city intends to bank. The King County Assessor has specified this must be done by November 30.

Fiscal Impact

The City preserves the total existing bank levy capacity of \$8,223,830. Preserving the banked capacity allows the City Council the option to increase property tax at a later date greater than the allowable lesser of 1 percent or implicit price deflator.

NOTE: Final assessed value to establish the property tax levy and banked capacity information is not yet available from the King County Assessor's Office. As a result, the 2023 assessed value, property

tax levy and banked capacity amounts are based on preliminary numbers provided by the County. Should King County determine the actual amounts of the 2023 assessed property valuation and/or Property Tax Levy to be more or less than the amounts estimated herein, the City Manager or his designee is hereby authorized to adjust the budget to reflect the same.

OPTIONS

1. Adopt the Resolution providing for the banking of levy capacity pursuant to RCW 84.55.005, 84.55.0101, 84.55.050, and 84.55.092.
2. Do not adopt the Resolution and provide alternative direction to staff.
