FIRST AMENDMENT TO CONCOMITANT ZONING AGREEMENT

This is a First Amendment to Concomitant Zoning Agreement (CZA) 18394 (Amendment), entered into by the CITY OF BELLEVUE, a Washington municipal corporation (the “City”), and Silver Glen, a Washington nonprofit corporation (Silver Glen). The City and Silver Glen are referred to collectively as “the Parties”. As of the date fully executed below, CZA 18394, dated October 16, 1992, between the City and Silver Glen’s predecessors-in-interest, is amended consistent with the terms of this Amendment.

RECITALS

WHEREAS, Silver Glen is the homeowners’ association responsible for the management of a senior housing facility located at 1750 152nd Avenue NE in Bellevue, Washington, King County Parcel No. 2625059025 (the Property), legally described in CZA 18394 which is attached hereto as Exhibit A and incorporated herein by this reference; and

WHEREAS, in October 1992, the City and Silver Glen’s predecessors-in-interest entered into CZA 18394, King County Recording No. 9210230237, and the City adopted the CZA by reference in Ordinance 4429; and

WHEREAS, the CZA imposed terms and conditions affecting the development of the Property in exchange for the City’s rezoning of that Property from Office (O) to Multi-Family (R-30) zoning; and

WHEREAS, these terms and conditions were based on the Bellevue Land Use Code (LUC) in effect at the time of the execution of CZA 18394; and

WHEREAS, these terms and conditions also required Silver Glen record a separate Covenant further documenting the aforementioned age restriction; and

WHEREAS, the CZA runs with the land and is binding on heirs, assigns, and successors of the property owner; and

WHEREAS, Silver Glen desires the CZA be amended to allow one unit on the Property to be used as “manager/caretaker” unit that may be occupied by persons younger than 55 years old; and

WHEREAS, the City evaluated Silver Glen’s request and concluded it is consistent with the intent of CZA 18394, and the City supports the proposed CZA amendment;

WHEREAS, the Parties desire to amend CZA 18394 as stated herein.

AMENDMENT

NOW, THEREFORE, the Parties agree:

1. SPECIFIC CONDITION (c) is amended and restated as follows (additions shown in underline/deletions shown in ~~striketrough~~):

The subject property shall be used exclusively to provide dwellings designed to meet the LUC definition of senior citizen apartment current at the time of the building permit application. One unit provided for property management staff may be occupied by persons under 55 years of age. No conversion of the site to any other use shall be permitted without quasi-judicial review pursuant to the reclassification provisions on LUC 20.30A or its successor provisions. Further, the Owners of the property shall record a covenant running with the property, with any future subdivision or platting of the property, limiting the occupancy of the units to persons one of whom is at least 55 years of age or older (Section 20.50.044 Land Use Code). This requirement shall be included in any By-Laws or other legal instrument citing covenants, conditions or restrictions, or requirements of occupancy. Said covenant shall be submitted to the City Attorney for his or her approval as to form. A copy of the recorded covenant shall be submitted to the Planning Development Services Department prior to issuance of final certificate of occupancy.

2. Each by their signatures below, the City and Silver Glen approve this Amendment.
3. This Amendment is effective on the date fully executed below.
4. This Amendment may be signed in counterparts, which taken together shall constitute the complete Amendment.
5. CZA 18394, as modified and amended by this First Amendment, remains in effect for the Property. With the exception of the modification and amendment included in this Amendment, the terms of the CZA have not otherwise been modified, amended, waived or revoked the Parties. Except as modified and amended by this Amendment, the CZA is attached hereto and expressly incorporated by reference herein.
6. This Amendment shall run with the land, and shall be binding on the successors, assigns, personal representatives, and heirs of the Parties, including but not limited to all subsequent owners of the Property. After execution by both parties, this Amendment shall be recorded by Silver Glen. No further amendment to the CZA shall be effective unless approved by both Parties in writing and recorded with the King County Department of Records and Elections.

CONCOMITANT AGREEMENT

FILED NO. 18394
CITY OF BELLEVUE
DATE 10/20/92
DEPUTY CLARK

Ord.
442

WHEREAS, the City of Bellevue, Washington, a noncharter code city, under the laws of the State of Washington has authority (chapter 35A.63 RCW and Article 11, Section 11 of the Washington State Constitution) to enact laws and enter into agreements to promote the health, safety and welfare of its citizens, and thereby control the use and development of property within its jurisdiction; and

WHEREAS, the Owners of certain properties (Tax Lots 25, 51, 86, and 99 referred to as combined Parcel A) have applied for a rezone of such properties described below which are within the City's jurisdiction; and

WHEREAS, the City of Bellevue Hearing Examiner has recommended that such combined properties, located at approximately 15057 Bel-Red Road, be rezoned; from Office to R-30 (Parcel B; Tax Lot 25); from R-30 to Office (Parcel C); and that the terms and conditions of existing zoning ordinances and concomitant zoning agreements applicable to the properties comprising combined Parcel A be revised and the revised terms and conditions be applied to combined Parcel A; and

WHEREAS, the City pursuant to chapter 43.21C RCW, the State Environmental Policy Act, should require that any adverse impacts which might result because of the property rezone be mitigated; and

WHEREAS, the Owners and the Prospective Purchaser have indicated willingness to cooperate with the City of Bellevue to insure compliance with the Bellevue Land Use Code and all other local, state and federal laws relating to the use and development of the property; and

WHEREAS, the City, in addition to civil and criminal sanctions available by law, desires to enforce the rights and interests of the public by this concomitant agreement;

NOW, THEREFORE, in the event the properties located at approximately 15057 Bel-Red Rd. (Tax Lots 25, 51, 86, and 99 referred to as combined Parcel A) and more particularly described as:

TOGETHER WITH the North 11.00 feet of the East 60.00 feet of the West 1134.66 feet of the South half of the Southwest quarter of the Northwest quarter of said Section 26.

is reclassified by amending the terms and conditions of that certain Concomitant Zoning Agreement adopted pursuant to Ordinance No. 3836 and given Clerk's Receiving No. 13010; and

in full consideration of that event should it occur, the Owners of Tax Lots 25, 51, 86, and 99 (referred to as combined Parcel A) do hereby covenant and agree as follows:

1. SPECIFIC CONDITIONS:

- a. A maximum of 140 units shall be constructed on the site of which not more than 100 shall be congregate care housing apartments with

-3-

WP0066C-MISC

kitchens and not more than 40 shall be assisted living units without kitchens; or a maximum of 124 units shall be constructed on the site if all 124 units have full kitchen facilities. If the development is a "For Rent" facility the owners shall provide to the City on an annual basis, a copy of their rental structure, ages of occupants, and general status of the operation for the retirement facility.

b. Prior to the issuance of the design review decision required by specific condition 1.g., the applicant shall supply a site plan with scaled drawings of building elevations and landscape plans sufficient to determine from the face of those drawings how the transition area requirements of Land Use Code Section 20.25B will be met and shall supply copies of these plans to the Sherwood Forest Community Club and Chevy Chase Community Club at least three (3) weeks prior to any decision by the Design and Development Department on the application. Any written comments the Community Clubs may wish to make shall be delivered to the applicant and the Department prior to the decision on the application. The plans supplied to the Community Clubs shall be the most current and accurate copies of the plans submitted to the Design and Development Department for design review.

c. The subject property shall be used exclusively to provide dwellings designed to meet the LUC definition of senior citizen apartment current at the time of the building permit application. No conversion of the site to any other use shall be permitted without quasi-judicial review pursuant to the reclassification provisions on LUC 20.30A or its successor provisions. Further, the Owners of the property shall record a covenant running with the property, with any future subdivision or platting of the property, limiting the occupancy of the units to persons one of whom is at least 55 years of age or older (Section 20.50.044 Land Use Code). This requirement shall be included in any By-Laws or other legal instrument citing covenants, conditions or restrictions, or requirements of occupancy. Said covenant shall be submitted to the City Attorney for his approval as to form. A copy of the recorded covenant shall be submitted to the Planning Department prior to issuance of final certificate of occupancy.

d. Before issuance of any development permit(s), the Owners shall have dedicated to the City of Bellevue those portions of Tax Lot 51 needed for access as public street right-of-way and no certificate of occupancy shall be issued until construction of that roadway to public street standards shall have been completed.

e. The Owners shall not protest a City requirement to limit access to Bel-Red Road from the Lot 51 roadway to right-turn-in/right-turn-out if the Public Works Department's traffic engineer determines that unacceptable conflicts in traffic movement are occurring. Further, the Owners shall not protest placement of the required sidewalk on the east side of that roadway if the Public Works Department determines that the east side is preferable. Further, the Owners shall grant to Tax Lots 25, 67, 92, 93, 98, 104, 105 and 109 access easements to the Tax Lot 51 roadway if any of those lots do not already possess such easements. The Owners shall not protest the formation of a Local Improvement District for an internal roadway system. A copy of the

-4-

WP0066C-MISC

9210230237

drawing of the preliminary plan for such roadway is attached hereto and made a part of this Concomitant Agreement.

f. A construction schedule shall be submitted to the Office of Environmental Coordination at or prior to the design review application for the purpose of determining noise impacts. Further limits on the days and hours during which construction activity may take place shall be determined at that time. Unless facts found then warrant otherwise, construction shall be permitted only from 8:00 a.m. to 6:00 p.m., on weekdays and prohibited entirely on weekends.

g. Prior to issuance of any development permit(s) including clearing and grading permits, the applicant shall have received design review approval pursuant to LUC 20.30F with specific attention to the following stipulations:

(1) A tree retention and grading plan shall be submitted with the design review application for review and approval by the Departments of Design and Development, Planning, and Storm and Surface Water Utility to ensure that the following tree preservation design goals are met:

(a) The proposed site design shall minimize clearing of the site.

(b) The plan shall emphasize the retention of groups of five or more trees and associated understory rather than isolated, individual, significant trees pursuant to LUC 20.50.046.

(c) All significant trees as defined by LUC 20.50.046 within the required landscaping buffers shall be retained and 33% of the significant trees not located within those buffers shall be retained. In buffer areas, plantings shall be added to retained natural vegetation as necessary to meet the intent of transition area standards for buffering. On Lot 25, it will only be necessary to retain 15% of the significant trees within buffers.

(d) In the event that Tax Lot 99 is developed as a primary parking area then the south side of Tax Lot 99 shall have a minimum landscaping buffer of 50 feet of Type II vegetation and the west side of Tax Lot 99 shall have a minimum landscaping buffer of 25 feet of Type II vegetation. (Type II is defined by LUC 20.20.520.) In the event that Tax Lot 99 is developed with a structure, then Land Use Code requirements for landscaping shall apply.

(2) All exterior lighting including parking lot lighting standards shall be no greater than 10 feet in height and shall be shielded to direct light downward to avoid spillage onto adjacent properties. The lighting plan shall include pole height, location and fixture design and shall be reviewed and approved prior to issuance of the design review.

9210230237

(3) The site plan shall include a pedestrian trail from the parking area on Tax Lot 99 to the western side of that lot for the purpose of providing pedestrian access in the event that an easement for pedestrian access is obtained from the adjacent property to the west. That pedestrian trail shall be constructed to Public Works Department specifications prior to issuance of the first temporary certificate of occupancy for the proposed project.

(4) All outdoor mechanical equipment and all garbage and trash receptacles shall be screened with architecturally compatible materials and shall be at least as high as the equipment shielded and shall be of a noise attenuation design with such supplemental sound shielding as may be recommended by a noise consultant and reviewed and approved by the Office of Environmental Coordination. Rooftop mounting of any equipment shall be avoided to the extent reasonably possible.

(5) Samples of the building materials and colors shall be submitted with the design review for review and approval by the Department of Design and Development to assure compatibility with adjacent residential developments.

h. If the property is developed for ten housing units or greater, at least ten (10) percent of the units buildable under the original maximum density must be affordable units and at least twenty (20) percent of the units buildable as a result of the increase in density from the original maximum density to the total number of approved units must be affordable units. One bonus market rate unit is permitted for each of the affordable units provided to meet the minimum ten (10) percent requirement of the original maximum density, up to fifteen (15) percent above the original maximum density. "Affordable units" shall be defined as set forth in LUC 20.50.010.

(1) For the purpose of calculating the number of required affordable units, the original maximum density possible under the R-30 zoning is approximately one-hundred forty-five (145) units (after dedication); one-hundred fifty-nine (159) units (before dedication). The units shall remain affordable units for the lifetime of the R-30 zoning classification and shall be dispersed across the range of unit sizes and throughout the property.

(2) Prior to issuance of a building permit, the Owners shall sign any necessary agreements with the City to implement these requirements. The City may agree, at its sole discretion, to subordinate any affordable housing regulatory agreement for the purpose of allowing the Owners to obtain financing for development of the property, consistent with any applicable provisions of the Land Use Code in effect at the time of the issuance of the development permit(s).

(3) The provision of affordable housing units within the development shall be governed by an agreement between the owner(s) (Silver Glen, a Washington non-profit corporation) and the City of Bellevue, entitled AGREEMENT AS TO METHOD OF COMPLIANCE WITH CITY OF BELLEVUE AFFORDABLE HOUSING

REQUIREMENTS. When this agreement is executed, it shall be recorded in the Office of the King County Recorder.

(4) The resale of affordable housing units shall be governed by the RESALE RESTRICTION AGREEMENT AND OPTION TO PURCHASE between the owner(s) (Silver Glen, a Washington non-profit corporation) and the City of Bellevue. When this agreement is executed, it shall be recorded in the Office of the King County Recorder.

i. Administrative design review shall be required prior to development of the site. Review shall include, but shall not be limited to, access circulation, parking, landscaping, preservation of existing vegetation, building location and design.

2. In the event that any term or clause of this Agreement conflicts with applicable law, such conflicts shall not affect other terms of this Agreement which can be given effect without the conflicting term or clause, and to this end the terms of this Agreement are declared to be severable.

3. Any amendment or modification of this Agreement shall be valid only if mutually agreed upon by the City of Bellevue and the Owners (including heirs, assignees and successors to the Owner) in writing and recorded with the King County Department of Records and Elections.

4. In addition to all other remedies available to the City by law, the City reserves the right to initiate proceedings to revoke the rezoning of the properties should the Owners fail to comply with any of the terms and conditions of this Agreement.

5. The City may at its discretion bring a lawsuit to compel specific performance of the terms and conditions of this Agreement.

6. Nothing in this Agreement shall be construed to restrict the authority of the City to exercise its power to rezone the property in future years.

7. The Owners agree to indemnify and save harmless the City of Bellevue from and against all claims, suits, damages, costs, losses and expenses in any manner resulting from, arising out of, or connected with the Owners' negligent performance of or failure to perform fully any term or condition of this Agreement.

8. This Concomitant Agreement shall supersede and replace that certain Concomitant Zoning Agreement adopted pursuant to Ordinance No. 3836 and given Clerk's Receiving No. 13010 and shall supersede and replace any other concomitant zoning agreement(s) to the extent such other agreement(s) pertain to those properties (combined Parcel A; comprised of Tax Lots 25, 51, 86 and 99) rezoned pursuant to Ordinance No. _____ and this Concomitant Agreement.

9. The undersigned persons designated as "Owners" shall be automatically released from the obligations imposed upon and assumed by them as owners of the property by this Concomitant Agreement simultaneously with the closing of this sale and recording of a deed by them to the Prospective Purchaser (applicant), its heirs, successors and assigns. Upon the occurrence of such event, the new owner(s) shall assume all the responsibilities and obligations of the Owners under this Concomitant Agreement.

10. This Concomitant Agreement may be signed in counterparts.

11. This Concomitant Agreement shall be binding on the heirs, assigns and successors of the Owners of the property.

12. Because this Agreement was signed in counterparts, the parties have agreed that the date of this Agreement shall be October 16, 1992.

DATED this 16th day of October, 1992.
