Public Hearing on Housing, Community Development and Human Services Needs in Bellevue

CDBG regulations require that the City hold a public hearing each year on housing, community development and human services needs in Bellevue. This information will be part of the 2023 CDBG Annual Action Plan and will be considered during the 2023 CDBG funding allocation process. The second required public hearing will be held after the Commission makes its preliminary 2023 CDBG funding recommendations this fall.

All interested persons and members of the public are invited to provide comment on the housing, community development and human services needs in the City.
