Additional Efforts related to Equity in City of Bellevue Human Service Funding

- Technical Assistance was offered to all applicants through Communities Rise for the 21-22 COB Human Services Fund application process and the Behavioral Health and Housing Related Services application process. Technical Assistance is being offered for the 23-24 COB Human Services Fund application process.
- Bellevue revised the eligibility requirements for agencies applying for human services funds. The revised guidelines only identify requirements that are legally mandatory for agencies. This revision removes barriers that some agencies may have experienced in the past.
- Interpreters can/will be provided upon request at funding information sessions or any other city meeting to discuss human service funding.
- Bellevue accepts funding applications and quarterly reports in languages other than English.
- Bellevue is funding a capacity building initiative through Communities Rise that will begin in June 2022. This initiative will focus on supporting small/emerging and mid-size nonprofit agencies that provide human services to immigrants, refugees, communities of color, low-income and other marginalized communities residing in Eastside Cities with training and mentoring to further organizational development.
- All City of Bellevue Human Services Commissioners reviewing applications receive equity training.
