

# MEMORANDUM

Bellevue Parks &  
Community Services

DATE: September 13, 2022

TO: Parks & Community Services Board

FROM: Jen Newton, Program Manager, South Bellevue Community Center  
Parks & Community Services Department

SUBJECT: South Bellevue Community Center  
*(Informational - no Board action required)*

At the Tuesday, September 13, 2022 Parks & Community Services Board meeting, I will present information about the South Bellevue Community Center, its' background and history, facility features, programs, partners/vendors/sponsors, special events, COVID transitions, and future plans.

South Bellevue Community Center opened in 2005 with the mission statement: Through partnerships and exceptional customer service, South Bellevue Community Center provides accessible opportunities for recreation, fitness, education, and celebrations to build a healthy community. I will demonstrate how the staff, contractors, vendors, and partners have embraced the mission statement and continually produce programs, activities, and opportunities for the public to enjoy.

I look forward to sharing more about SBCC with you on September 13.
