Subject: RE Proposition 1 would like more info before voting

Dear Parks Board and appropriate parts of City of Bellevue:
I am in a quandary about voting on the Proposition 1. As a long time bellevue resident why would I be?

I think it is perhaps the timing and cost in relationship to the economy and that King County Conservation District also has a levy in addition to observations and participation in past planning events. From recent events on redeveloping the McCormick Park and observing I am not sure that our money is well spent because of the lack of good follow through or the efforts of citizens to have an effect on planning and execution.

I am hoping that someone can contact me in a timely fashion and provide more information.
Thank you.

Sincerely,
Karen Voorhees
