Bellevue Arts Commission

1E-113 or Zoom Meeting

City of Bellevue, WA

PUBLIC ART DEMOGRAPHIC SURVEY FOLLOW-UP

At today's meeting, staff will present a follow-up to a survey of artists in the City's Public Art Collection.

BACKGROUND

At the last meeting, staff presented a draft of a demographic survey and received feedback on the questions. Since then, staff have made some changes to the questions and launched the survey starting with artists in the portable art collection.

SURVEY

Staff hope for a 100% success rate, so we do not have a deadline and will keep the survey open until we get as close to 100% as possible. Staff started by contacting artists most recently requisitioned into the City's Public Art Collection. As of April 26th, staff received 25 responses out of 43 email solicitations (58%) and a few positive messages for undertaking this work and being included in the Collection.

NEXT STEPS

Staff will continue contacting artists in the City's Public Art Collection.
