POLICY CONSIDERATION:

City contracting policies:

The City contracts for services when it is cost effective, the work requires specialized equipment or expertise, or there are factors that render it impractical for City staff to perform the work. The proposed contract is consistent with that practice and with the City's contracting and purchasing policies.

BACKGROUND:

Traffic striping requires regular painting to ensure that lane markings and traffic channelization provide clear and highly visible delineation to vehicle traffic. Annual painting of traffic striping is needed to meet City and Federal standards, to reduce the probability of damages and claims, and to meet the City's customer service goals.

RFP RESULTS:

The Engineer's Estimate for this project was \$566,520.00. Two contractors submitted quotes for the city-wide Traffic Striping project as follows:

Stripe Rite Inc.	\$549,120.45
Apply A Line Inc.	\$789,913.85

The low quote for this contract by Stripe Rite Inc. is 3.1 % below the Engineer's Estimate. The quote has been evaluated by staff and is considered to be balanced, fair and competitive. The City opted to take advantage of the favorable bidding climate and advertise this project as a five-year contract.

EFFECTIVE DATE:

If adopted, this Resolution will become effective immediately.
