

CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 6289

AN ORDINANCE imposing an interim official control regarding the definition of “Pedestrian Oriented Frontage” and “Retail Activity”; providing for severability; and establishing an effective date.

WHEREAS, in the fall of 2012, the City Council commenced the Downtown Livability Initiative, which is a targeted review of specific regulations that guide downtown development and land use activity; and

WHEREAS, objectives of the Downtown Livability Initiative include seeking to (a) better achieve the vision for Downtown as a vibrant, mixed-use center; (b) enhance the pedestrian environment; (c) improve the area as a residential setting; and (d) enhance the identity and character of Downtown neighborhoods; and

WHEREAS, in the spring of 2013, the City Council appointed the Downtown Livability Initiative Citizen Advisory Committee (CAC) to review and make recommended changes to the City’s Land Use Code (LUC); and

WHEREAS, on October 13, 2014, the CAC issued a final report that presented an updated vision for Bellevue’s Downtown subarea; and

WHEREAS, on May 26, 2015, the City Council transmitted the CAC final report and the CAC’s recommendations on the Downtown Livability Initiative to the Planning Commission for its consideration and recommendations; and

WHEREAS, the Planning Commission process is expected to lead to amendments to development regulations for the Downtown Subarea by the end of 2016; and

WHEREAS, the proposed amendments to the development regulations for Downtown are anticipated to include changes to the incentive zoning methodology and associated amenities; and

WHEREAS, the City Council has expressed a preference that banks and financial institutions be characterized as “Pedestrian oriented uses” for the purposes of applying the amenity system contained in LUC 20.25A.030.C.1, and “Retail activities” for the purposes of defining “edge conditions” for application of the *Design Guidelines, Building/Sidewalk Relationships, Central Business District* and for application of the Floor Area Ratio Exceptions contained in LUC 20.25A.020.B.3; and

WHEREAS, the Industrial and Commercial Bank of China (ICBC) seeks to locate a financial institution in tenant space located at 11100 NE 8th Street, which location is

restricted to uses that currently meet the definition of “Pedestrian Oriented Frontage” and “Retail Activity”; and

WHEREAS, ICBC’s proposal has the potential to embody the characteristics of pedestrian oriented frontage and retail activity that the City Council envisions and will advance the City’s Economic Development goals of attracting, retaining and expanding businesses in Bellevue; and

WHEREAS, the limited available tenant space to accommodate the ICBC financial institution use will likely result in the loss of this business attraction opportunity if the City does not take steps to allow financial institutions to be allowed to locate in spaces otherwise restricted to “pedestrian oriented use” and “retail activity” before the Downtown Livability amendments are developed by the Planning Commission and sent to the City Council for final adoption; and

WHEREAS, by adopting an Interim Official Control to allow financial institutions to locate in tenant spaces otherwise restricted to “pedestrian oriented use” and “retail activity,” the City Council’s vision of the Downtown Subarea are advanced consistent with the anticipated outcomes of the Downtown Livability Initiative and the City’s Economic Development goals; and

WHEREAS, the Environmental Coordinator for the City of Bellevue has determined that this text amendment to the Land Use Code would be Categorically Exempt from the Threshold Determination requirements of the State Environmental Policy Act pursuant to the terms of WAC 197-11-800(19); and

WHEREAS, the City Council adopts the foregoing as its findings of fact justifying adoption of this Ordinance; now, therefore
