POLICY CONSIDERATION

Should Council authorize the execution of a Professional Services Agreement for on-call Land Surveying Services with David Evans & Associates, Inc. for services within the amounts budgeted and for an amendment(s) to exercise the option to renew consistent with amounts budgeted for 2018-2019.

BACKGROUND

The Finance Department is working with City departments to simplify and streamline procurement processes. One measure that has been undertaken in this endeavor is to identify common service areas amongst departments and conduct one competitive process for all to utilize. The goal is to develop a variety of on-call contracts for staff to utilize in order to reduce costs and drive procurement to negotiated contracts.

The City's Procurement Services & Disbursements Division is coordinating these efforts and will continue to competitively solicit pricing agreements for other common service areas where applicable. These on-call Land Surveying Services agreements with David Evans & Associates,

Inc. will not exceed \$150,000 for the three-year term of the contract with an option to renew for an additional two (2) periods of one (1) year each at an amount not to exceed \$50,000 per year.

These on-call contracts do not guarantee that the consultant will receive a specific volume of work, a specific total contract amount or a specific order value. They are structured as pricing agreements for the specific hourly rates, terms and conditions set forth in the Professional Services Agreement. Should the 2017 – 2018 budget reduce or eliminate funding for these kinds of services, the City is under no obligation to continue to do business with these consultants.

CONSULTANT SELECTION

An RFQ was conducted in May 2016 for on-call Land Surveying Services. Overall, eleven (11) submittals were received and reviewed, evaluated and scored by the Selection Committee of six City staff from various departments based on the criteria determined before submittals were received. Staff recommends awarding to the six highest-ranked consultants. This variety would allow each department to accommodate specific surveying needs and certain consultant specialties.

EFFECTIVE DATE

If adopted by Council, this Resolution will become effective immediately.
