

14.60.070 Transportation management program.

- A. The owner of property upon which new structural development is proposed shall, prior to any initial occupancy of any building, establish a transportation management program (TMP) to the extent required by subsection E of this section and in accordance with the provisions thereof.
- B. Existing structures are not subject to the requirements of this section except where a substantial remodel is proposed.
- C. The director shall specify the TMP submittal requirements, including type, detail, format, methodology, and number of copies, for an application subject to this section to be deemed complete and accepted for filing. The director may waive specific submittal requirements determined to be unnecessary for review of an application.
- D. For the purposes of this section, the term “employees” includes all on-site workers in buildings subject to the requirements of this section.
- E. The owner of any property for which a TMP is required shall include those components identified as requirements on the following Transportation Management Program Requirements Chart. The chart identifies the total gross square footage (for one or more structures) at which specific requirements become applicable. The requirements identified on the chart are described in subsection F of this section.

TRANSPORTATION MANAGEMENT PROGRAM REQUIREMENTS

Programmatic Requirement (1)	Office & High Technology Light Industry (2)	Mftng/Assembly (other than High Tech)	Professional Services/Medical Clinics & Other Health Care Services	Hospitals	Retail/ Mixed Retail/ Shopping Centers	Residential: Multiple Family Dwellings	Mixed Uses (3)
No requirements	Less than 30,000 gsf	Less than 50,000 gsf	Less than 30,000 gsf	Less than 80,000 gsf	Less than 60,000 gsf	Less than 100 units	(4)
Post information (See subsections (F)(1)(a) and (b))	30,000 gsf and over	50,000 gsf and over	30,000 gsf and over	80,000 gsf and over	60,000 gsf and over	100 units and over	(4)
Distribute information (See subsection (F)(2))	30,000 gsf and over	50,000 gsf and over	30,000 gsf and over	80,000 gsf and over	N/A	N/A	(4)
Provide transportation coordinator (See subsections	50,000 gsf and over	150,000 gsf and over	50,000 gsf and over	80,000 gsf and over	150,000 gsf and over	N/A	(4)

(F)(3)(a) and (b))							
Provide preferential parking (See subsections (F)(4)(a), (b) and (c))	50,000 gsf and over	150,000 gsf and over	50,000 gsf and over	80,000 gsf and over	150,000 gsf and over	N/A	(4)
Provide financial incentive (See subsection (F) (5))	50,000 gsf and over	150,000 gsf and over	50,000 gsf and over	80,000 gsf and over	N/A	N/A	(4)
Provide guaranteed ride home (See subsection (F) (6))	50,000 gsf and over	150,000 gsf and over	50,000 gsf and over	80,000 gsf and over	N/A	N/A	(4)

Footnotes to Transportation Program Requirements Chart:

- (1) Specific actions that the owner of the property must take to mitigate parking and traffic impacts.
- (2) Excluding medical clinics and other health care services.
- (3) Other than mixed retail.
- (4) Requirements for mixed uses will be determined on a project basis as described in subsection (G)(1) of this section.

F. As indicated on the Transportation Management Program Requirements Chart, the property owner shall:

1. Post Information.

- a. Post ridesharing and transit information from Metro or other approved sources in a visible central location in the building, such as the lobby or other public area near the major entrance to the building on a continual basis. This requirement applies to each building in a building complex.
- b. All posting materials required by the Transportation Management Program Requirements Chart must be provided by a source approved by the director.

2. Distribute Information. Distribute ridesharing and transit information from Metro or other approved sources annually to all tenants and employees and to new tenants and new employees. Such information must identify available ridesharing and transit services.

3. Provide a Transportation Coordinator.

- a. The coordinator shall publicize the availability of ridesharing options, provide reports to the city (see subsection I of this section), act as liaison to the city, and provide ridesharing matching assistance in conjunction with Metro or a private system sponsored by the property owner as approved by the city.

- b. The property owner must provide the transportation coordinator's name to the city. The coordinator must be available for meetings and training sessions conducted by the city or other agency approved by the city.

4. Provide Preferential Parking.

- a. Provide specially marked parking spaces in a preferential location between 6:00 a.m. and 9:00 a.m. for each registered carpool and vanpool in which tenants and their employees participate. A preferential location includes proximity to the building and covered parking when possible.
- b. Preferential parking must be enforced and monitored through on-site inspection at least three mornings a week.
- c. To facilitate monitoring, carpools and vanpools must be certified by the coordinator through a registration system as approved by the city, and be recertified quarterly.

5. Provide Financial Incentive. Provide a minimum of \$15.00 per month financial incentive for employees on site who commute by carpool, vanpool or transit. The financial incentive for transit riders and Metro vanpool riders will be a discounted Metro Transit (or a comparable service) bus/vanpool pass. The financial incentive for each carpool and non-Metro vanpool participant will be a cash bonus to the participant, a coupon redeemable for gasoline, or an equivalent discount in parking charges.

6. Provide Guaranteed Ride Home. Provide a taxi scrip system of low-cost rides home for on-site employee transit riders or registered on-site employee carpools and vanpools who miss a bus or ride because of an employer requirement to work late or because of a need to leave early due to illness or home emergency.

G. Determination of Requirements for Mixed Uses. The director shall determine the transportation management program requirements for mixed uses. These requirements shall be limited to the requirements described in subsections E and F of this section. The director shall apply the requirements for the same or most similar uses as described in subsections E and F of this section.

H. Substitution of Alternate Program. With the approval of the director, an alternate transportation management program may be substituted by the property owner for those components identified as requirements in subsection F of this section if, in the judgment of the director, the alternate program is at least equal in potential benefits to the requirements in subsection F of this section.

I. Reporting Requirements. Beginning one year after the issuance of a final certificate of occupancy, and every two years thereafter for development subject to this section, the property owner shall submit a report to the director, who shall then determine compliance with this section. The report shall describe each of the required transportation management program components that were in effect for all previous years, the total number of on-site employees, the expenditures for financial incentives and guaranteed ride home, the number of bus passes sold, and the number of registered carpools and vanpools. A report form will be provided to the property owner by the city.

J. Recording. Prior to the issuance of a building permit or of any approvals made pursuant to Chapter [20.30](#) LUC, the owner of property subject to this section shall record an agreement between the city and the property owner with King County division of records and elections and with the Bellevue city clerk that requires compliance with this section by the present and future owners of the property. (Ord. [6181](#) § 2, 2014.)

14.60.080 Transportation management program – Downtown.

A. The director may require a transportation management program (TMP) for any project proposed within the downtown in order to reduce congestion, reduce peak hour trips, or implement the policies of the comprehensive plan.

B. Programmatic Requirements.

1. The owner of a building with 50,000 gross square feet or more of office shall, in addition to the programmatic elements identified in the Transportation Management Requirement Chart in BCC [14.60.070\(F\)](#), perform or cause to be performed the following elements:

- a. Commuting options information boards for each tenant with 50 or more employees.
- b. Leases in which the tenants are required to participate in periodic employee surveys.
- c. Identification of parking cost as a separate line item in such leases and a minimum rate for monthly long-term parking, not less than the cost of a current Metro two-zone pass.
- d. A personalized ridematching service for building employees to encourage carpool and vanpool formation. The ridematching service must enhance the computerized ridematching service available from Metro (or a comparable service), with personalized follow-up with individual employees.

2. Duration. The programmatic requirements shall continue for the life of the building.

C. Performance Goals.

1. The owner of a building with 50,000 gross square feet or more of office shall, as part of the TMP for the building, comply with the following performance goals:

- a. For every other year beginning with the building's first certificate of occupancy (CO) anniversary and for 10 years thereafter, the performance goals shall become more restrictive, so that by the tenth year the maximum SOV rate will be reduced by 35 percent from the CO year baseline.
- b. The city may adjust the above rates every other year based on review of current conditions in the downtown, the characteristics of the building, and other local or state regulations.
- c. These performance goals apply to present and future property owners for the life of the building.

D. Survey and Analysis Requirements.

1. Employee Survey. The property owner shall conduct a survey to determine the employee mode split. The survey must be conducted by an independent agent approved by the city. This survey shall be conducted in a manner to produce a 70 percent response rate and shall be representative of the employee population. If the response rate is less than 70 percent, all nonresponses up to 70 percent shall be considered SOV trips. The survey results shall be used as the basis for calculating performance levels. The city shall provide a survey form to the property owner.

2. Schedule of Survey. The survey is to be conducted every two years; the first survey shall be conducted one year after the issuance of the CO.

3. Analysis of Performance Goals.

a. Single-Occupancy Vehicle Use Formula:

$(NS/NT)(100) = \text{percent SOV use, where:}$

NS = number of employees who commute to work by SOV

NT = total number of employees.

E. Reporting Requirements.

1. Content of Evaluation Report. The property owner shall submit a report to the city which includes the following elements:
 - a. The property owner's compliance with the performance goals listed in subsection C of this section, including the number of HOV spaces, their location, how HOV spaces are monitored, loading and van parking locations, transportation coordinator activities, the number and location of commuter information centers and employer commuter options boards, an example of lease language, past and current parking costs and ridematch activities.
 - b. The results of the employee survey, including the survey procedures and the percent SOV use by employees.
 - c. Any nonrequired activities undertaken by the property owner to encourage HOV and transit use or any unusual circumstances which have affected SOV use.

The city will provide a report form to the property owner.

2. Reporting Schedule. An initial action plan for implementing the TMP shall be submitted within six months of the issuance of the temporary certificate of occupancy. The action plan shall describe transportation management techniques that the property owner will use to encourage HOV use by employees and reduce peak period vehicle trips as necessary to meet the performance goals. City staff will be available to assist in the development of the action plan. The evaluation reports shall occur by building's first CO anniversary, and every two years thereafter.

F. Failure to Meet Performance Goals.

1. Remedies. If the city determines that the property owner has failed to meet the performance goals of subsection C of this section, the property owner shall comply with the action plan, employee survey and reporting requirements as set forth below.
2. Action Plan Requirement.
 - a. Plan Required. If the property owner fails to meet the performance goals, the property owner shall prepare, submit to the city and implement an action plan to meet the performance goals within one year.
 - b. Adequacy of Plan. The property owner will be allowed flexibility in developing the action plan subject to city review and approval, which approval shall not be unreasonably withheld. As a guide to this review, the city will evaluate the following:
 - i. The relationship of the number of employees that would be affected by the plan actions to the size of the deficiency which must be reduced.
 - ii. The effectiveness of proposed actions as they have been applied elsewhere in comparable settings.
 - iii. The schedule for implementation of the action plan and the assignment of responsibilities for each task.
3. Annual Employee Survey Requirements. An employee survey shall be conducted within one year of the date of submission of the previous report to the city. This survey shall be conducted under the same conditions and using the same methods as described in subsection (D)(1) of this section.
4. Annual Report Requirement. A report shall be submitted one year after the submission of the previous report. The report shall include all of the contents described in subsection (E)(1) of this section, and in addition shall include descriptions of:
 - a. Implementation of the action plan, including expenditures; and

b. Summary of effectiveness of elements of the action plan.

5. Duration. The property owner shall comply with the action plan, the annual survey and the annual report requirements every year that the property owner fails to meet the performance goals up to a maximum of six years after submission of the first report.

6. Assurance Device. In the event of a failure by the property owner to meet the performance goals, the property owner shall provide to the city an assurance bond, or other assurance device referenced in BCC [14.60.021](#)(C), at the property owner's option, securing any financial incentives prescribed in an action plan. The assurance device shall equal the cost of the maximum incentive levels which could be required for the following year as referenced in the action plan. The amount of the assurance device shall be determined when the level of activity is determined on the action plan. The assurance device shall be issued not later than 60 days after this determination.

G. Violations. The property owner shall be in violation of the requirements of this section if he/she fails to:

1. Comply with the programmatic requirements of subsection (B)(1) of this section; or
 2. Comply with the reporting requirements of subsection E of this section; or
 3. Submit the required action plans required in subsection (F)(2) of this section; or
 4. Implement the required action plans required in subsection (F)(2) of this section; or
 5. Conduct the required employee survey of subsection (F)(3) of this section. (Ord. [6181](#) § 2, 2014.)
-

20.25J.050 Parking, transportation management and commute trip reduction requirements.

A. Parking.

1. The provisions of LUC [20.20.590](#), except as they conflict with this section, apply to development in the Medical Institution District.
2. Performance Standards for Parking Structures. The Director may approve a proposal for a parking structure through the Design Review process of LUC 20.25J.015.B. The Director may approve the parking structure only if:
 - a. Driveway openings from public rights-of-way are limited and the number of access lanes in each opening are minimized.
 - b. The structure exhibits a horizontal, rather than sloping, building line, as viewed from 116th Ave. NE and NE 12th Street.
 - c. The dimension of the parking structure abutting pedestrian areas is minimized. If a parking structure abutting pedestrian areas is necessary for functional reasons, mitigation shall be provided through the addition of planting, modulation, materials variation, artwork or other features that would cover at least 50 percent of the parking structure facade area unless a smaller coverage area is approved through a Master Development Plan or Design Review where Master Development Plan approval is not required.
 - d. The parking structure complies with the requirements of the Design Review Guidelines of LUC [20.25J.080](#).
 - e. A wall or other screening of sufficient height to screen parked vehicles from views from adjoining rights-of-way and which exhibits a visually pleasing character is provided at all above-ground levels of the structure.
 - f. Safe pedestrian connection between the parking structure and the principal use exists.
 - g. Loading areas are provided for vanpools/carpools.
 - h. Vehicle height clearances for structured parking must be at least seven and one-half feet for the entry level to accommodate vanpool parking.
 - i. For all uses, no more than 25 percent of the required parking spaces may be designed and constructed in accordance with the dimensions for compact stalls provided in LUC 20.20.590.K.11.

B. Transportation Management Program.

The requirements of BCC [14.60.070](#) (Transportation Management Program) must be met as part of the Master Development Plan or Design Review where Master Development Plan approval is not required. An alternative TMP may be required by the City and/or proposed by the applicant, whereby a performance standard is designated and program features to attain this performance standard are established. Such program features may include special site design features, annual promotion events, contracted parking enforcement, shuttle services, financial incentives to employees, and a guaranteed-ride-home program.

C. Commute Trip Reduction.

The requirements of Chapter [14.40](#) BCC must be met as part of a required Master Development Plan or Design Review where Master Development Plan approval is not required. (Ord. [5831](#), 8-4-08, § 2; Ord. [5587](#), 3-7-05, § 2)
