D. Approval Process Required

Two Process Options. Applications for a Homeless Services Use governed by the terms of this section LUC 20.20.455 shall be processed pursuant to one of the following options.

1. Use and Design Allowed through a Development Agreement. The City Council may by resolution accept or decline to negotiate a development agreement that would allow a Homeless Services Use to be established and constructed in Bellevue pursuant to the provisions of Chapter 36.70B RCW and this section 20.20.455 LUC. Nothing in this paragraph shall preclude an applicant from requesting the Director to initiate processing of their application under the Conditional Use Permit provisions of Part 20.30B of this section without requesting the City Council to consider negotiation of a development agreement.
2. Use and Design Allowed through a Conditional Use Permit. Where the City Council has not adopted a resolution to initiate negotiation of a development agreement to allow a Homeless Services Use to be established and constructed in Bellevue, a Conditional Use Permit approval is required pursuant to the provisions of Part 20.30B LUC and provisions of this section 20.20.455 LUC.

E. Pre-application Process and Determination of Permit Approval Path Required

1. Pre-application Materials. Shall be submitted to the Development Services Department pursuant to LUC 20.35.020 before a permit application for a Homeless Services Use may be filed. Materials shall include:
 - a. Name of the Operator;

- b. Experience running Homeless Services Uses; and
 - c. Statement of homeless population to be served and occupancy target for each Homeless Services Use proposed.
- 2. Pre-application Community Meeting. Prior to City Council determination of the Process Path as provided by paragraph 4 below, the applicant shall hold a public informational meeting. The purpose of this meeting is to provide an early, open dialogue between the applicant, the Operator, and property owners surrounding the proposed Homeless Services Use. The meeting should acquaint the surrounding property owners with the Operator and provide for an exchange of information about the proposal and the community where the use is proposed to be located. The Operator should share information submitted with its permit application (e.g., the Standard Operating Procedures, Code of Conduct, and Safety and Security Plan) for the proposed Homeless Services Use, and the surrounding property owners should share characteristics of the surrounding community and any issues or concerns of which the Operator should be made aware. Notice of the Community Meeting shall be provided by the Director pursuant to the requirements of LUC 20.35.120.B, and the required mailing radius for notice of a Homeless Services Use shall be expanded to include owners of real property within 1,000 feet of the project site.
- 3. Pre-application site inspection by the City. If the applicant proposes to use an existing structure to house a Homeless Services Use, a pre-application site inspection shall be required. Prior to City Council determination of the Process Path as provided by paragraph 4 below, the applicant shall allow for an inspection of the structure proposed to house a Homeless Services Use by staff representatives of the Building Official and Fire Marshal. The purpose of the inspection is to determine if the facility meets the Building and Fire Code standards for the proposed use. The purpose of this inspection is not to ensure that a facility meets the requirements of this code or to force an applicant to bring a proposed facility up to applicable standards prior to project approval. The inspection is intended to ensure that the applicant, the Operator, the City, the underlying property owner, and the public are aware of applicable building modifications that would be necessary to establish a Homeless Services Use prior to making an application.
- 4. Determination of Permit Approval Path
 - a. Development Agreement. An applicant may request the City to negotiate a development agreement for the use and design of a Homeless Services Use. Such request shall be presented to the

City Council for consideration, and the City Council shall by resolution accept or decline to negotiate a development agreement that would allow a Homeless Services Use to be established and constructed in Bellevue pursuant to the provisions of Chapter 36.70B RCW and this section 20.20.455 LUC. If the City Council declines to negotiate a development agreement, the Homeless Service Use shall be processed as a Conditional Use Permit pursuant to this section LUC 20.20.455.

- b. Conditional Use Permit. An applicant may request the Director to process a Conditional Use Permit pursuant to the provisions of this section LUC 20.20.455 LUC without presenting the pre-application materials to the City Council for consideration.

F. Submittal Requirements

1. An applicant seeking to establish and construct a Homeless Services Use is required to submit application materials that meet the submittal requirements for a Conditional Use Permit as adopted by the Director pursuant to LUC 20.35.030.B.
2. In addition to the applicable Conditional Use Permit submittal requirements identified in paragraph F.1 above, information identified in this paragraph shall also be included with the permit application. This section describes the required Good Neighbor Agreement Advisory Committee process.

1. Purpose. The purpose of a GNA Advisory Committee formed under the terms of this section is to foster communication between the community and Homeless Services Use operators by:
 - a. Dedicating the time necessary to represent community, neighborhood and Citywide interests in the Homeless Services Use approval process; and
 - b. Ensuring that issues of importance are identified early in the Homeless Services Use approval process while there is still time to address design issues while minimizing cost implications; and

 - f. Ensuring the GNA Advisory Committee participation is streamlined and effectively integrated into the Homeless Services Use permit process to avoid delays that jeopardize funding and place people experiencing homelessness at risk.
2. Facilitation and Member Composition.
 - a. Facilitation. Following submittal of Pre-Application Materials pursuant to LUC 20.20.455.E.1, the City shall designate a staff person who will act as neutral facilitator for the GNA Advisory Committee.

 - v. Contribute to completion of the GNA Advisory Committee scope of work described in LUC 20.20.455.G.3; and

The scope of work for the GNA Advisory Committee is intended to support the GNA Advisory Committee purpose described in paragraph G.1 of this section LUC 20.20.455. The GNA Advisory Committee is advisory to the decision maker for the development agreement and CUP processes identified for a specific Homeless Services Use, and its scope includes:

Figure 20.20.455.G.4 Illustration of GNA Advisory Committee Process in Relationship to Permit Process

GNA Advisory Committee Review Phases	General Intent of Review	Relationship to City Permit Process Phases
Context Setting	Provide early input on “context” to which design elements and features of Homeless Services Use should respond, and advice to the Homeless Services Use Operator on how to incorporate context sensitive design into the proposed project. Identify unique circumstances that should be considered in development of the GNA. Provide Context Setting Document.	Following the first Community Meeting (GNA Advisory Committee input provided within One Month of the second Community Meeting)
Design Input (Facility)	Provide input regarding incorporation of contextual considerations into the Homeless Service Use facility design. Anticipated that GNA Advisory Committee would provide advice regarding complementary building materials, integration of Crime Prevention Through Environmental Design (CPTED) measures, quality of design and materials, landscape development and screening. Provide Advisory Document.	Application Review Phase (GNA Advisory Committee input provided prior to Director recommendation)
Good Neighbor Agreement (Operations)	Provide input on operational concerns and GNA augments the Provider’s Standard Operating Procedures to respond to those concerns. - b. Timing of GNA Advisory Committee Involvement.
 - i. The GNA Advisory Committee process should occur early in the process to avoid delays that jeopardize participation in funding cycles, require shelters to operate under emergency declarations, and place homeless individuals at risk.
 - ii. The actual timing of GNA Advisory Committee review and participation will be scheduled by the facilitator to ensure that GNA Advisory Committee input is consolidated with the applicable city permit process phase as described in Figure 20.20.455.G.4.
 - iii. The GNA Advisory Committee will be dissolved once its scope of work has been completed.
 - c. Work Product. The work of the GNA Advisory Committee review phase shall culminate in an Advisory Document or Good Neighbor Agreement that describes the phase of review and GNA Advisory Committee feedback consistent with the scope of work described in this section. City staff will support the GNA Advisory Committee preparation of this work product.
