POLICY CONSIDERATION

Bellevue City Code 4.28.030B (1): The City has promulgated procurement procedures for the utilization of on-call contracts for services that fit within these criteria (1) for projects/tasks that are simple, short-term and small in scale; (2) for services that are typically performed on a routine and repetitive basis; and (3) for projects/tasks that are under \$50,000, plus all applicable taxes.

Bellevue City Code 4.28.040A (2): Council approval is required for contracts greater than \$90,000.

BACKGROUND

In order to simplify and streamline procurement processes, the Finance Department has collaborated with other departments to identify a number of common service areas for which one competitive process can be conducted for all departments to utilize. The goal is to develop a variety of on-call contracts for staff to utilize in order to reduce costs and enhance efficiency through use of negotiated contracts.

The City's Procurement Services Division is coordinating these efforts and will continue to competitively solicit pricing agreements for other common service areas where appropriate. These on-call contracts do not guarantee that the contractor will receive a specific volume of work, a specific total contract amount, or a specific order value. They are structured as pricing agreements with specific hourly rates, terms, and conditions. Should the 2019-2022 budget reduce or eliminate funding for these kinds of services, the City is under no obligation to continue to do business with these vendors. Council approval is required because the annual expenditure for the services is anticipated to exceed \$90,000.

The City received five proposals on Request for Proposal (RFP) 18067 for On-Call Painting Services. The proposals were scored by the selection panel in accordance with the published evaluation criteria including qualifications and price. The score NI Painting and Construction Company (MBE) received on their submittal was one of the two highest scores received to provide the City with the best overall value.

EFFECTIVE DATE

If approved, this Resolution becomes effective immediately upon Council adoption.
