16.14. **Amendments.** Any amendments to this Agreement must be in writing. This Agreement shall be deemed to incorporate amendments to Agreements between the Contracting Parties that are approved by the County and at least two thirds (66%) of ~~the legislative bodies of~~ all other Contracting Parties (in both number and in the percentage of the prior total Estimated Payments owing from such Contracting Parties in the then current Service Year), evidenced by the authorized signatures of such approving Parties as of the effective date of the amendment; *provided that* this provision shall not apply to any amendment to this Agreement affecting the Party contribution responsibilities, hold harmless and indemnification requirements, provisions regarding duration, termination or withdrawal, or the conditions of this Section.

15. General Provisions.

- a. Other Facilities. The County reserves the right to contract with other shelter service providers for housing animals received from within the City or from City residents, whose levels of service meet or exceed those at the County shelter for purposes of addressing shelter overcrowding or developing other means to enhance the effectiveness, efficiency or capacity of animal care and sheltering within King County.
- b. Survivability. Notwithstanding any provision in this Agreement to the contrary, the provisions of Section ~~9~~10 (Indemnification and Hold Harmless) shall remain operative and in full force and effect, regardless of the withdrawal or termination of this Agreement.
- c. Waiver and Remedies. No term or provision of this Agreement shall be deemed waived and no breach excused unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Failure to insist upon full performance of any one or several occasions does not constitute consent to or waiver of any later non-performance nor does payment of a billing or continued performance after notice of a deficiency in performance constitute an acquiescence thereto. The Parties are entitled to all remedies in law or equity.
- d. Grants. Both Parties shall cooperate and assist each other ~~toward-in~~ procuring grants or financial assistance from governmental agencies or private benefactors for reduction of costs of operating and maintaining the Animal Services Program and the care and treatment of animals in the Program.
- e. Force Majeure. In the event either Party's performance of any of the provisions of this Agreement becomes impossible due to war, civil unrest, and any natural event outside of the Party's reasonable control, including fire, storm, flood, earthquake or other act of nature, that Party will be excused from performing such obligations until such time as the Force Majeure event has ended and all facilities and operations have been repaired and/or restored.
- f. Entire Agreement. This Agreement represents the entire understanding of the Parties and supersedes any oral representations that are inconsistent with or modify its terms and conditions.

a-g. Notices. Except as otherwise provided in this Agreement, any notice required to be provided under the terms of this Agreement shall be delivered by E-mail (deemed delivered upon E-mail confirmation of receipt by the intended recipient), certified U.S. mail, return receipt requested or by personal service to the following person (or to any other person that the Party designates in writing to receive notice under this Agreement):

b-h. Assignment. No Party may sell, transfer or assign any of its rights or benefits under this Agreement without the approval of the other Party.

i. Venue. The Venue for any action related to this Agreement shall be in Superior Court in and for King County, Washington.

j. Records. The records and documents with respect to all matters covered by this Agreement shall be subject to inspection and review by the County or City for such period as is required by state law (Records Retention Act, Ch. 40.14 RCW) but in any event for not less than 1 year following the expiration or termination of this Agreement.

k. No Third Party Beneficiaries. This Agreement is for the benefit of the Parties only, and no third party shall have any rights hereunder.

e-l. Counterparts. This Agreement and any amendments thereto, shall be executed on behalf of each Party by its duly authorized representative and pursuant to an appropriate motion, resolution or ordinance. The Agreement may be executed in any number of counterparts, each of which shall be an original, but those counterparts will constitute one and the same instrument.

~~17. **Terms to Implement Agreement.** Because it is unknown how many parties will ultimately approve the Agreement, and participation of each Contracting Party impacts the costs of all other Contracting Parties, the Agreement will go into effect as of July 1, 2012, only if certain “Minimum Contracting Requirements” are met or waived as described in this section. These Minimum Contracting Requirements will not be finally determined until August 15, 2012. If it is determined on or about August 15 that Minimum Contracting Requirements are **not** met and not waived, then the Agreement will be deemed to have never gone into effect, regardless of the July 1, 2012 stated effective date. If the Minimum Contracting Requirements are met or waived, the Agreement shall be deemed effective as of July 1, 2012. The Minimum Contracting Requirements are:~~

~~a. **For both the City and the County:**~~

~~1. **2013 Payment Test:** The Preliminary Estimated 2013 Payment, calculated on or before August 1, 2012, to include the County and all cities that have executed the Agreement on or prior to July 1, 2012, does not exceed the Pre-Commitment Estimated 2013 Payment as set forth in **Exhibit C-1** by more than five percent (5%) or \$3,500, whichever is greater. **If the 2013 Payment Test is not met**, either Party may waive this condition and allow the Agreement to go into effect, provided that such waiver must be exercised by giving notice to the other Party (which notice shall meet the requirements of Section 14.g) no later than August 15, 2012.~~

~~b. **For the County:** The **Minimum Contiguity of Service Condition** must be met, such that the County is only obligated to enter into the Agreement if the County will be providing Animal Services in areas contiguous to the City, whether by reason of having an Agreement with another City or due to the fact that the City is contiguous to unincorporated areas (excluding unincorporated islands within the City limits). The Minimum Contiguity of Service Condition may be waived by the County in its sole discretion. The County shall provide the City notice meeting the requirements of Section 14.g no later than July 21, 2012 if the Minimum Contiguity of Service Condition has not been met.~~

~~c. On or before August 21, 2012, the County shall send all Contracting Cities an informational email notice confirming the final list of all Contracting Cities with Agreements that have gone into effect.~~

18.16. **Administration.** This Agreement shall be administered by the County Administrative Officer or his/her designee, and by the City Manager, or his/her designee.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed effective as of ~~July 1, 2012~~January 1, 2018.

Animal Service Description

Part I: Control Services

Control Services include the operation of a public call center, the dispatch of animal control officers in response to calls, and the handling of calls in the field by animal control officers, including the collection and delivery of animals to the Kent Shelter (or such other shelters as the County may utilize in accordance with this Agreement).

1. Call Center

- a. The County will operate an animal control call center five days every week (excluding holidays and County-designated furlough days, if applicable) for a minimum of eight hours per day (normal business hours). The County will negotiate with applicable unions with the purpose of obtaining a commitment for the five day call center operation to include at least one weekend day. The County may adjust the days of the week the call center operates to match the final choice of Control District service days.
- b. The animal control call center will provide callers with guidance, education, options and alternative resources as possible/appropriate.
- c. When the call center is not in operation, callers will hear a recorded message referring them to 911 in case of emergency, or if the event is not an emergency, to either leave a message or call back during regular business hours.

2. Animal Control Officers

- a. The County will divide the area receiving Control Services into three Control Districts as shown on **Exhibit B**. Subject to the limitations provided in this Section 2, Control Districts 200 and 220 each will be staffed with one Animal Control Officer during Regular ACO Service Hours and District 500 will be staffed with two Animal Control Officers (ACOs) during Regular ACO Service Hours. Regular ACO Service Hours is defined to include not less than 40 hours per week. The County will negotiate with applicable unions with the intention of obtaining a commitment for Regular ACO Service Hours to include service on at least one weekend day. Regular ACO Service Hours may change from time to time.
 - i. Except as the County may in its sole discretion determine is necessary to protect officer safety, ACOs shall be available for responding to calls within their assigned Control District and will not be generally available to respond to calls in other Control Districts. **Exhibit B-1** shows the map of Control Districts.

- ii. Countywide, the County will have a total of not less than 6 ACOs (Full-Time Equivalent employees) on staff to maximize the ability of the County to staff all Control Districts notwithstanding vacation, sick-leave, and other absences, and to respond to high workload areas on a day-to-day basis. While the Parties recognize that the County may at times not be able to staff all Control Districts as proposed given unscheduled sick leave or vacancies, the County will make its best efforts to establish regular hourly schedules and vacations for ACOs in order to minimize any such gaps in coverage. In the event of extended absences among the 6 ACOs, the County will re-allocate remaining ACOs as practicable in order to balance the hours of service available in each Control District. In the event of ACO absences (for any causes and whether or not such absences are extended as a result of vacancies or other issues), the first priority in allocating ACOs shall be to ensure there is an ACO assigned in each Control District during Regular ACO Service Hours.
- b. Control District boundaries ~~are have been~~ designed to balance work load, correspond to jurisdictional boundaries and facilitate expedient transportation access across each district. The County will arrange a location for an Animal Control vehicle to be stationed overnight in Control Districts ("host sites") in order to facilitate service and travel time improvements or efficiencies.
- c. The County will use its best efforts to ensure that High Priority Calls are responded to by an ACO during Regular ACO Service Hours on the day such call is received. The County shall retain full discretion as to the order in which High Priority calls are responded. High Priority Calls include those calls that pose an emergent danger to the community, including:
 - 1. Emergent animal bite,
 - 2. Emergent vicious dog,
 - 3. Emergent injured animal,
 - 4. Police assist calls—(police officer on scene requesting assistance from an ACO),
 - 5. Emergent loose livestock or other loose or deceased animal that poses a potential danger to the community, and
 - 6. Emergent animal cruelty.
- d. Lower priority calls include all calls that are not High Priority Calls. These calls will be responded to by the call center staff over the telephone, referral to other resources, or by dispatching of an ACO as necessary or available, all as determined necessary and appropriate in the sole discretion of the

County. Particularly in the busier seasons of the year (spring through fall), lower priority calls may only receive a telephone response from the Call Center. Lower Priority calls are non-emergent requests for service, including but not limited to:

1. Non-emergent high priority events,
 2. Patrol request – (ACO requested to patrol a specific area due to possible code violations),
 3. Trespass,
 4. Stray Dog/Cat/other animal confined,
 5. Barking Dog,
 6. Leash Law Violation,
 7. Deceased Animal,
 8. Trap Request,
 9. Female animal in season, and
 10. Owner's Dog/Cat/other animal confined.
- e. The Joint-City County [Collaboration](#) Committee is tasked with reviewing response protocols and recommending potential changes to further the goal of supporting the most appropriate use of scarce Control Service resources countywide. The County will in good faith consider such recommendations but reserves the right to make final decisions on response protocols. The County will make no changes to its procedures that are inconsistent with the terms of this **Exhibit A**, *except that* upon the recommendation of the Joint City-County [Collaboration](#) Committee, the County may agree to modify response with respect to calls involving animals other than horses, livestock, dogs and cats.
- f. In addition to the ACOs serving specific districts, the following Control Service resources will be available on a shared basis for all Parties and shall be dispatched as deemed necessary and appropriate by the County.
1. An animal control sergeant will provide oversight of and back-up for ACOs five days per week at least 8 hours/day (subject to vacation/sick leave/training/etc.).
 2. Staff will be available to perform animal cruelty investigations, to respond to animal cruelty cases, and to prepare related reports (subject to vacation/sick leave/training/etc.).
 3. Not less than 1 ACO will be on call every day at times that are not Regular ACO Service Hours (including the days per week that are not included within Regular ACO Service Hours), to respond to High Priority Calls posing an extreme life and safety danger, as determined by the County.

- g. The Parties understand that rural areas of the County will generally receive a less rapid response time from ACOs than urban areas.
- h. Contracting Cities may contract with King County for “Enhanced Control Services” through separate agreement (as set forth in **Exhibit E**); *provided that* a City may not purchase Enhanced Control Services under Option 1 as described in **Exhibit E** if such City is receiving a Transition Funding Credit ~~and/or, Shelter Credit, or licensing revenue support the cost of which is not reimbursed to the County.~~

Part II: Shelter Services

Shelter services include the general care, cleaning and nourishment of owner-released, lost or stray dogs, cats and other animals. Such services shall be provided 7-days per week, 365 days per year at the County’s animal shelter in Kent (the “Shelter”) or other shelter locations utilized by the County, including related services described in this section. ~~The County’s Eastside Pet Adoption Center in the Crossroads area of Bellevue will be closed to the public.~~

~~During 2013-2015,~~ Mmajor maintenance of the Shelter will continue to be included in the Program costs allocated under this Agreement (as part of the central County overhead charges allocated to the Program). ~~but n~~ No major renovation, upgrades or replacements of the Shelter established as a capital project within the County Budget are anticipated. ~~N~~or will any such capital project costs be allocated to the Contracting Cities ~~in Service Years 2013-2015~~ during the term of this Agreement without prior agreement of the Contracting Cities.

1. Shelter Services

- a. Services provided to animals will include enrichment, exercise, care and feeding, and reasonable medical attention.
- b. The Public Service Counter at the Shelter will be open to the public not less than 30 hours per week and not less than 5 days per week, excluding holidays and County designated furlough days, for purposes of pet redemption, adoption, license sales services and (as may be offered from time to time) pet surrenders. The Public Service Counter at the shelter may be open for additional hours if practicable within available resources.
- c. The County will maintain a volunteer/foster care function at the Shelter to encourage use of volunteers working at the shelter and use of foster families to provide fostering/transitional care between shelter and permanent homes for adoptable animals.

- d. The County will maintain an animal placement function at the Shelter to provide for and manage adoption events and other activities leading to the placement of animals in appropriate homes.
 - e. Veterinary services will be provided and will include animal exams, treatment and minor procedures, spay/neuter and other surgeries. Limited emergency veterinary services will be available in non-business hours, through third-party contracts, and engaged if and when the County determines necessary.
 - f. The County will take steps through its operating policies, codes, public fee structures and partnerships to reduce the number of animals and their length of stay in the Shelter, and may at times limit owner-surrenders and field pick-ups, adjust fees and incentivize community-based solutions.
2. **Other Shelter services**
- a. Dangerous animals will be confined as appropriate/necessary.
 - b. Disaster/emergency preparedness for animals will be coordinated regionally through efforts of King County staff.
3. **Shelter for Contracting Cities contracting with PAWS (Potentially including Woodinville, Shoreline, Lake Forest Park, Kenmore (“Northern Cities”)).** For so long as a Northern City has a contract in effect for sheltering dogs and cats with the Progressive Animal Welfare Society in Lynnwood (PAWS), or other animal service providers, the County will not shelter dogs and cats picked up within the boundaries of such City(s), except in emergent circumstances and when the PAWS Lynnwood (or other animal service providers) shelter is not available. Dogs and cats picked up by the County within such City(s) will be transferred by the County to the PAWS (shelter in Lynnwood (or other animal service providers)) for shelter care, which will be provided and funded solely through separate contracts between each Northern City and PAWS, (or other animal service providers) and the County will refer residents of that City to PAWS (or other animal service providers) for sheltering services. The County will provide shelter services for animals other than dogs and cats that are picked up within the boundaries of Northern Cities contracting with PAWS (or other animal service providers) on the same terms and conditions that such shelter services are provided to other Contracting Parties. Except as provided in this Section, the County is under no obligation to drop animals picked up in any Contracting City at any shelter other than the County shelter in Kent.
4. **County Contract with PAWS, or other animal service providers.** Nothing in this Agreement is intended to preclude the County from contracting with PAWS in Lynnwood other entities to care for animals taken in by the County ACOs.
5. **Service to Persons who are not Residents of Contracting Cities.** The County will not provide routine shelter services for animals brought in by persons who are not

Formatted: Font: Bold

residents of Contracting Cities, but may provide emergency medical care to such animals, and may seek to recover the cost of such services from the pet owner and/or the City in which the resident lives.

Part III: Licensing Services

Licensing services include the operation and maintenance of a unified system to license pets in Contracting Cities.

1. The public will be able to purchase pet licenses in person at the County Licensing Division public service counter in downtown Seattle (500 4th Avenue), King County Community Service Centers and the Kent Animal Shelter during regular business hours. The County will maintain on its website the capacity for residents to purchase pet licenses on-line.
2. The County may seek to engage and maintain a variety of private sector partners (e.g. veterinary clinics, pet stores, grocery stores, city halls, apartment complexes) as hosts for locations where licenses can be sold or promoted in addition to County facilities.
3. The County will furnish licenses and application forms and other materials to the City for its use in selling licenses to the public at City facilities and at public events.
4. The County will publicize reminders and information about pet licensing from time to time through inserts in County mailings to residents and on the County's public television channel.
5. The County will annually mail or E-mail at least one renewal form, reminder and late notice (as applicable) to the last known addresses of all City residents who purchased a pet license from the County within the previous year (using a rolling 12-month calendar).
6. The County may make telephone reminder calls in an effort to encourage pet license renewals.
7. The County shall mail pet license tags or renewal notices as appropriate to individuals who purchase new or renew their pet licenses.
8. The County will maintain a database of pets owned, owners, addresses and violations.
9. The County will provide limited sales and marketing support in an effort to maintain the existing licensing base and increase future license sales. The County reserves the right to determine the level of sales and marketing support provided from year to year in consultation with the Joint City-County [Collaboration](#) Committee. The County will work with any City in which door-to-door canvassing takes place to reach agreement with the City as to the hours and locations of such canvassing.

10. The County will provide current pet license data files (database extractions) to a Contracting City promptly upon request. Data files will include pets owned, owners, addresses, phone numbers, E-mail addresses, violations, license renewal status, and any other relevant or useful data maintained in the County's database on pets licensed within the City's limits. A City's database extraction will be provided in electronic format agreed to by both parties in a timely fashion and in a standard data release format that is easily usable by the City.

Calculation of Estimated Payments

The Estimated Payment is the amount, before reconciliation, owed by the City to the County (or owed by the County to the City if the amount calculated is less than \$0) for the provision of ~~six months~~one (1) year of Animal Services, based on the formulas below.

In summary and subject to the more detailed descriptions below, an initial cost allocation is made for the Service Year ~~2013~~(example 2018) based on the cost factors described in **Part 1** below; costs are offset by various revenues as described in **Part 2**. An annual reconciliation is completed as described in **Part 3**. ~~In Service Years 2014 and 2015, the Contracting Parties' allocable costs are adjusted based on: (1) the actual change in total allocable costs over the previous Service Year (subject to an inflator cap), (2) changes in revenues, and (3) to account for annexations (in or out of the Program service area) of areas with a population of 2,500 or more, and for changes in relative population share of all Contracting Parties due to any Latecomer Cities. If the Agreement is extended past 2015, the cost allocation in 2016 will be recalculated in the same manner as for Service Year 2013 and adjusted in 2017 per the process used for Service Years 2014 and 2015.~~

Based on the calculation process described in **Parts 1 and 2**, an "Estimated Payment" amount owed by each City for each Service Year is determined. Each Estimated Payment covers ~~six one (1) year~~months of service. Payment for service is made by each City every ~~June-August 15~~ and December 15.

Part 1: Service Year ~~2013~~ Cost Allocation Process

- Control Services costs are to be ~~allocated among all Contracting Parties based on 20% on their relative population and 80% on the number of calls for service attributable to each Contracting Party shared among the 3 geographic Control Districts; one quarter of such costs are allocated to Control District 200, one quarter to Control District 220, and one half are allocated to Control District 500. Each Contracting Party located within a Control District is to be allocated a share of Control District costs based 80% on the Party's relative share of total Calls for Service within the Control District and 20% on its relative share of total population within the Control District.~~
- Shelter Services costs are to be allocated among all Contracting Parties based 20% on their relative population and 80% on the total shelter intake of animals attributable to each Contracting Party, except that cities contracting for shelter

Formatted: Width: 8.5", Height: 11"

Formatted: Indent: Left: 0.5"

services with PAWS (or other animal service providers) will pay only a population-based charge.

- Licensing Services costs are to be allocated among all Contracting Parties, based 20% on their relative population and 80% on the number of licenses issued to residents of each Contracting Party.

Part 2: Revenue and Other Adjustments to the ~~2013~~ Cost Allocation.

In ~~2013-2018~~ and each Service Year thereafter, the costs allocable to each Contracting Party are reduced by various revenues and credits:

- Licensing revenue will be attributed to each Contracting Party based on the residency of the individual purchasing the license (see **Part 3** for reconciliation of Licensing Revenues). As Licensing Revenue and Non-Licensing Revenues change from year to year, the most recent historical actual data for these amounts will be incorporated to offset costs (See **Exhibit C-6** for calculation periods). Historical actual data shall be derived from the most recent complete year, or the most recent December – November actual, whichever is more, unless otherwise approved by the Joint City County Collaboration Committee.
- Two credits are applicable to various Contracting Cities to reduce the amount of their Estimated Payments: a Transition Funding Credit (fixed at 2013 level, payable annually through ~~2015~~2022) for cities with high per-capita costs and a Shelter Credit (for Contracting Cities with the highest per capita intakes (usage)) (adjusted annually as indicated in Exhibit C-4 also fixed at a 2013 level, payable annually through 20152022,). The County agrees to give serious consideration to maintaining the various credits provided to the Contracting City under this Agreement in any extension of the Agreement. Application of these Credits is limited such that the Estimated Payment cannot fall below zero (before or after the annual Reconciliation calculation).
- ~~In addition to the Transition Funding and Shelter credits, in 2013 the County will provide Licensing Revenue Support to nine identified Contracting Cities (selected based on the general goal of keeping 2013 costs the same or below 2012 costs). In exchange for certain in-kind support, these “Licensing Revenue Support Cities” are assured in 2013 of receiving an identified amount of additional licensing revenue or credit equivalent (the “Licensing Revenue Target”). In 2014 and 2015, All Contracting Cities may request Enhanced Licensing revenue Support Services by executing the entering into a separate Enhanced Licensing Support Acknowledgement form contract with the~~

County (**Exhibit F**). ~~This support is subject to availability of County staff, with priority going to the nine Licensing Revenue Support Cities, provided that, Licensing Revenue Support Cities with a Licensing Revenue Target over \$20,000/year will be assured such service in 2013-2015 by entering into a licensing support contract by September 1, 2012.~~

- ~~• As New Regional Revenues are received by the County to support the Animal Services Program, those Revenues shall be allocated as follows:~~
 - ~~○ Half of New Regional Revenues shall be applied to reduce allocable Control Services Costs, Shelter Services Costs, and Licensing Services Costs (in 2013, by 17%, 27% and 6%, respectively, of total New Regional Revenues; in 2014 and 2015 the 50% reduction is simply made against Total Allocable Costs).~~
 - ~~○ The remaining half of New Regional Revenues shall be applied in the following order of priority:~~
 - ~~(a) to offset amounts expended by the County as Transition Funding Credits, Shelter Credits and unreimbursed licensing revenue support;~~
 - ~~(b) to offset other County Animal Services Program costs that are not allocated in the cost model;~~
 - ~~(c) to reduce on a pro-rata basis up to 100% of the costs allocated to each Contracting Party by the population factor of the cost allocation formulas (20%) with the intent of reducing or eliminating the population based cost allocation; and~~
 - ~~(d) if any funds remain thereafter, as an offset against each Contracting Party's final reconciled payment obligation. Items(c) and (d) above are unlikely to arise during the 3 year term of the Agreement and shall be calculated only at Reconciliation.~~
- In each Service Year ~~subsequent to 2018s-2014 and 2015~~, allocable costs are adjusted for each Contracting Party based on the actual increase or decrease in allocable costs from year to year for the whole Program. Total Budgeted Allocable Costs cannot increase by more than the Annual Budget Inflator Cap. The Annual Budget Inflator Cap is the rate of inflation (based on the annual change in the September CPI-U for the Seattle-Tacoma-Bremerton area over the rate the preceding year) plus the rate of population growth for the preceding year for the County (including the unincorporated area and all Contracting Cities).
- In all Service Years, costs are also adjusted for annexations (in or out of the Program service area) of areas with a population ~~greater~~ of 2,500 or more and ~~for~~

the shift in relative population and usage shares among all Contracting Parties as a result of any Latecomer Cities.

Part 3: Reconciliation

- Estimated Payments are reconciled to reflect actual revenues as well as changes in population attributable to annexations of areas with a population of 2,500 or more (in or out of the Program) and the shifts in relative population among all Contracting Parties as a result of any Latecomer Cities. The Reconciliation occurs by June 30 of the following calendar year. The Reconciliation calculation and payment process is described in **Exhibit D**.
- The receipt of Transition Funding Credits or Shelter Credits can never result in the amount of the Estimated Reconciliation Adjustment Payment falling below \$0.
- If a jurisdiction's licensing revenues exceed its net costs payable under this Agreement, then in the annual reconciliation process, the excess licensing revenue is reallocated ~~*pro rata amongst all Contracting Parties to offset the County's costs not included in the cost allocation model which will otherwise incur net costs;*~~ *provided that*, the determination of net costs shall be adjusted as follows: (1) for a Contracting City purchasing shelter services from PAWS ~~(or other animal service provider);~~ net costs includes consideration of the amounts paid by such City to PAWS ~~(or other animal service provider);~~ and (2) for a Contracting City purchasing Enhanced Control Services per Exhibit E, ~~and/or purchasing Enhanced Licensing Support Services per Exhibit E,~~ net costs includes consideration of the amounts paid for such services.

Part 4: Estimated Payment Calculation Formulas

For Each Service Year 2013[†]:

$$EP = [(EC + ES + EL) - (ELR + TC + VSC)] \div 2$$

~~**For Service Years 2014 and 2015:**~~

~~$$EP = [(B \times LF) - (ER + T + V)] \div 2$$~~

[†]This formula also applies to Service Year 2016 if the Agreement is extended. The EP formula for Years 2014 and 2015 would apply to Service Years after 2016.

Where:

“EP” is the Estimated Payment. For Contracting Cities receiving a Transition Credit or Shelter Credit, the value of EP may not be less \$0.

“EC” or “Estimated Control Services Cost” is the City’s estimated share of the Budgeted Net Allocable Control Services Cost for the Service Year. See formula below for deriving “EC.”

“ES” or “Estimated Shelter Services Cost” is the City’s estimated share of the Budgeted Net Allocable Shelter Services Cost for the Service Year. See formula below for deriving “ES.”

“EL” or “Estimated Licensing Services Cost” is the City’s estimated share of the Budgeted Net Allocable Licensing Services Cost for the Service Year. See formula below for deriving “EL.”

“ELR” is Estimated Licensing Revenue attributable to the City. For purposes of determining the Estimated Payment in Year ~~2013~~2018, ELR is based on the amount of revenue from each type of active license issued to City residents in ~~years 2011-2016, or December 2015-November 2016, whichever is more~~ (the “Calculation Period”). **Exhibit C-2** shows a preliminary estimate of ~~2014-2016~~ Licensing Revenue; the numbers in this exhibit are subject to Reconciliation by June 30, ~~2017~~2019. Additional factors for Estimated Licensing Revenue:

For ~~Licensing Revenue Support Cities identified in Exhibit C-5, or other~~ Contracting Cities ~~which that~~ have ~~executed entered into an Enhanced~~ Licensing Support ~~Acknowledgement form~~ ~~Contract~~ per **Exhibit F**, ER is increased by adding the ~~estimated net~~ amount of revenue, if any, estimated to be derived as a result of ~~enhanced~~ licensing ~~revenue~~ support provided to the City (the “Licensing Revenue Target” or “RT” less the estimated enhanced licensing support cost); this amount is ~~also~~ shown in the column captioned “Estimated Revenue from ~~Proposed Enhanced~~ Licensing Support” on **Exhibit C-1**).

License Revenue that cannot be attributed to a specific Party (e.g., License Revenue associated with incomplete address information), which generally represents a very small fraction of overall revenue, is allocated amongst the Parties based on their respective percentages of ELR as compared to Total Licensing Revenue.

Notwithstanding the foregoing, “**ELR**” may be based on an *estimated* amount of licensing for the Service Year for the City if, in the reasonable judgment of the County, an estimated Licensing Revenue amount can be proposed that is likely to more closely approximate the actual Licensing Revenue for the Service Year than the data from the Calculation Period; *provided that* the use of any estimates shall be subject to the conditions of this paragraph. The County shall work with the Joint City-County Collaboration Committee to develop estimated Licensing Revenue amounts for all Contracting Cities for the upcoming Service Year. If the Joint City-County Collaboration Committee develops a consensus proposal (agreement shall be based on the consensus of those Contracting Cities present at the Joint City-County Collaboration Committee meeting in which Licensing Revenue estimates are presented in preparation for the ~~September 1~~ December 15 ~~Preliminary~~ Estimated Payment Calculation notification), it shall be used in developing the ~~September 1~~ December 15 ~~Final~~ Preliminary Estimated Payment Calculation. If a consensus is *not* reached, the County shall apply the actual Licensing Revenue from the Calculation Period for the Service Year to determine the Preliminary Estimated Payment. ~~For the Final Estimated Payment Calculation (due December 15), the County may revisit the previous estimate with the Joint City-County Committee and seek to develop a final consensus revenue estimate. If a consensus is not reached, the County shall apply the Actual Licensing Revenue from the applicable Calculation Period in the calculation of the Final Estimated Payment.~~

“**TC**” is the **Transition Funding Credit**, if any, allocable to the City for each Service Year calculated per **Exhibit C-4**.

“**VSC**” is the **Shelter Credit**, if any, allocable to the City for each Service Year calculated per **Exhibit C-4**.

“**B**” is the “**Budgeted Total Net Allocable Costs**” estimated for the Service Year for the provision of Animal Services which are allocated among all the Contracting Parties for the purposes of determining the Estimated Payment. The Budgeted Total Net Allocable Costs are calculated as the **Budgeted Total Allocable Costs** (subject to the **Annual Budget Inflator Cap**) ~~less Budgeted Total Non-Licensing Revenue and less 50% of Estimated New Regional Revenues~~. The Budgeted Total Allocable Costs *exclude* any amount expended by the County as Transition Funding Credits, or Shelter Credits (described in **Exhibit C-4**), or to provide Enhanced Licensing ~~Revenue~~ Support Services (described in **Section 7** ~~and Exhibit C-5~~). A preliminary calculation (by service area—Control, Shelter, Licensing) of Budgeted Total Net Allocable Costs, Budgeted Total Allocable Costs and Budgeted Total Non-Licensing Revenue for purposes of calculating the Pre-Commitment Estimated ~~2013-2018~~ Payments is set forth in **Exhibit C-3**.

~~“LF” is the “Program Load Factor” attributable to the City. LF has two components, one fixed, and one subject to change each Service Year and at Reconciliation. The first, fixed component relates to the City’s share of Budgeted Total Net Allocable Costs: it is the City’s 2013 Service Year Total Animal Services Cost Allocation (See Column 6 of Exhibit C-1) expressed as a percentage of the Budgeted Total Net Allocable Costs for 2013. The pre-commitment estimate of LF appears in column 7 of Exhibit C-1. This component of LF (as determined based on the Final 2013 Estimated Payment) remains constant for Service Years 2014 and 2015. The second component of LF relates to annexations of areas with a population of 2,500 or more or to Latecomer Cities. This second component is calculated as described in the definition of “Population,” below.~~

“Total Licensing Revenue” means all revenue received by the County’s Animal Services Program attributable to the sale of pet licenses excluding late fees, refunds and rebates. With respect to each Contracting Party, the amount of “Licensing Revenue” is the revenue generated by the sale of pet licenses to residents of the jurisdiction, excluding late fees, refunds and rebates. (With respect to the County, the jurisdiction is the unincorporated area of King County.)

“Total Non-Licensing Revenue” means all revenue from fines, forfeitures, and all other fees and charges imposed by the County’s Animal Services program in connection with the operation of the Program, but excluding Total Licensing Revenue, Estimated New Regional Revenues and Designated Donations, grants, or entrepreneurial activities.

~~“Estimated New Regional Revenues” (“ENR”) are revenues projected to be received by the County specifically for support of Animal Services which result from regional marketing campaigns (thus excluding local licensing canvassing efforts pursuant to Section 7), and new foundation, grant, donation and entrepreneurial activities, except where revenues from these sources are designated for specific purposes within the Animal Services Program. Calculation and allocation of Estimated and Actual New Regional Revenues are further described in Exhibit C-4. For Service Year 2013, Estimated New Regional Revenues are assumed to be zero. If New Regional Revenues are received in 2013, they will be accounted for in the reconciliation of 2013 Payments. ENR excludes Designated Donations, Total Non-Licensing Revenue and Total Licensing Revenue.~~

“Designated Donations” mean donations from individuals or other third parties to the County made for the purpose of supporting specific operations, programs or facilities within the Animal Services Program.

“Enhanced Licensing Revenue Support Services” means activities or funding to be undertaken in specific cities to enhance licensing revenues, per **Section 7, ~~Exhibit C-5~~** and **Exhibit F**.

“Annual Budget Inflation Cap” means the maximum amount by which the Budgeted Total Allocable Costs may be increased from one Service Year to the next Service Year, and year to year, which is calculated as the rate of inflation (based on the annual change in the September CPI-U for the Seattle-Tacoma-Bremerton area over the rate the preceding year) plus the rate of population growth for the preceding year for the County (including the unincorporated area and all Contracting Cities), as identified by comparing the two most recently published July OFM city and county population reports. The cost allocations to individual services (e.g. Control Services, Shelter Services or Licensing Services) or specific items within those services may be increased or decreased from year to year in so long as the Budgeted Total Annual Allocable Costs do not exceed the Annual Budget Inflation Cap.

“Service Year” is the calendar year in which Animal Services are/were provided.

“Calculation Period” is the time period from which data is used to calculate the Estimated Payment. The Calculation Period differs by formula component and Service Year. **Exhibit C-6** sets forth in table form the Calculation Periods for all formula factors for the Service Years ~~2013, 2014 and 2015~~.

“Population” with respect to any Contracting Party for Service Year ~~2013-2018~~ means the population number derived from the State Office of Financial Management (OFM) most recent annually published report of population used for purposes of allocating state shared revenues in the subsequent calendar year (typically published by OFM each July, reflecting final population estimates *as of April of the same calendar year*). For each Service Year, the OFM reported population will be adjusted for annexations of 2,500 or more residents known to be occurring after April, ~~2012-2017~~ and before the end of the Service Year. *For example*, when the final Estimated Payment calculation for ~~2013-2018~~ is provided on December 15, ~~2012-2017~~, the population numbers used will be from the OFM report issued in July ~~2012-2017~~ and will be adjusted for all annexations of 2,500 or more residents that occurred (or are known to be occurring) between April 1, 2012-2017 and December 31, ~~2013-2018~~. In any Service Year, if: (1) annexations of areas with a population of 2,500 or more people occurs to impact the population within the jurisdiction of a Contracting Party; or (2) a Latecomer City is brought under contract with the County, these changes shall be accounted for in the calculation of the Estimated Payment for such Service Year by adjusting the “Program Load Factor” (or “LF”) for each Contracting Party. Such adjustment shall be made at the next occurring possibility (e.g., at calculation of the ~~Preliminary Estimated Payment~~, Final Estimated Payment, or Reconciliation, whichever is

soonest). The adjustment ~~in LF~~ will be made on a *pro rata* basis to reflect the portion of the year in which the population change was in effect.

- ~~In the case of an annexation, the LF calculation will consider the time the annexed area was in the Contracting Party's jurisdiction and the portion of the year in which the area was not in such Party's jurisdiction, as well as the relative shift in population (if any) attributable solely to the annexation as between all Contracting Parties, by adding (or subtracting) to the LF for each Contracting Party an amount that is 20% (reflecting the general allocation of cost under the Agreement based on population) of the change in population for each Contracting Party (expressed as a percentage of the Contracting Party's population as compared to the total population for all Contracting Parties) derived by comparing the Final 2013 Estimated Payment population percentage (LF) to the population percentage after considering the annexation.~~ The population of an annexed area will be as determined by the Boundary Review Board, in consultation with the annexing city. The population of the unincorporated area within any District will be determined by the County's demographer.
- In the case of a Latecomer City, the population shall be similarly adjusted among all Contracting Parties in the manner described above for annexations, by considering the change in population between all Contracting Parties *attributable solely* to the Latecomer City becoming a Contracting Party.

Exhibit C-1 shows the calculation of Pre-Commitment EP for Service Year ~~2013,2018~~ assuming that the County and all Cities that have expressed interest in signing this Agreement as of ~~May 16, 2012~~ December 31, 2016, do in fact approve and sign the Agreement, ~~and as a result the Minimum Contract Requirements with respect to all such Cities and the County are met per Section 15.~~

Component Calculation Formulas (used in each Service Year ~~2013~~):

Estimated Control (EC) Services Costs is calculated as follows:

District 200 and 220:

$$EC = \{[(C \times .25) \times .8]\} \times \underline{A}CFS\} + \{[(C \times .25) \times .2] \times \underline{Pop\%}D-Pop\}$$

District 500:

$$\underline{EC} = \{[(C \times .5) \times .8] \times CFS\} + \{[(C \times .5) \times .2] \times D-Pop\}$$

Where:

"C" is the **Budgeted Net Allocable Control Services Cost** for the Service Year, which equals the County's Budgeted Total Allocable Costs for Control Services in the Service

Year, ~~less~~ the Budgeted Total Non-Licensing Revenue attributable to Control Services in the Service Year (for example, fines issued in the field) ~~and less 17% of Estimated New Regional Revenues ("ENR").~~ For purposes of determining the Pre-Commitment Estimated Payments for ~~2013~~2018, the Budgeted Net Allocable Control Services Cost is ~~\$1,690,447~~~~TBD~~1,979,509, calculated as shown on **Exhibit C-3**, and shall be similarly derived to determine the ~~Preliminary and Final~~ Estimated Payment for ~~2018 and 2013 each Service Year~~and for Service Year 2016 if the Agreement is extended beyond December 31, 2015.

"**A**CFS" is the total Average annual number of Calls for Service during the Calculation Period for the Service Year for Control Services originating within the City *expressed as a percentage of the A*CFS for all Contract Parties, ~~within the same Control District.~~ A Call for Service is defined as a request from an individual, business or jurisdiction for a control service response to a location within the City, or a response initiated by an Animal Control Officer in the field, which is entered into the County's data system (at the Animal Services call center or the sheriff's dispatch center acting as back-up to the call center) as a request for service. Calls for information, hang-ups and veterinary transfers are not included in the calculation of Calls for Service. A response by an Animal Control Officer pursuant to an Enhanced Control Services Contract will not be counted as a Call for Service. For purposes of determining the Estimated Payment for each Service Year~~in 2013~~, the Calculation Period for ~~CFS~~ is the rolling annual average based on the most recently completed three (3)-calendar years ~~actual usage, 2011-F~~~~(for example 2014-2016 for 2018 Service Year)~~ ~~(actual usage data).~~ **Exhibit C-2** shows a preliminary estimate of ~~2011 CFS for 2014-2016~~, used to determine the Pre-Commitment Estimated 201~~8~~3 Payment; the numbers in this Exhibit C-2 are subject to Reconciliation by June 30, ~~2012~~2017.

"Pop%" is the Population of the City or unincorporated County, expressed as a percentage of the Population of all Contracting Parties.

"D Pop" is the Population of the City, expressed as a percentage of the Population of all jurisdictions within the applicable Control District.

Estimated Shelter (ES) cost for each Service Year ~~2013~~ is calculated as follows:

If, as of the effective date of this Agreement, the City has entered into a contract for shelter services with the Progressive Animal Welfare Society (PAWS) in Lynnwood, WA, (or other animal service provider), then, for so long as such contract remains in effect, the City will not pay a share of shelter costs associated with shelter usage ("A" as defined below)

and instead the Estimated Payment will include a **population-based charge only**, reflecting the regional shelter benefits nonetheless received by such City, calculated as follows (the components of this calculation are defined as described below).

$$ES = (S \times .2 \times \text{Pop}\%)$$

If the City **does not** qualify for the population-based shelter charge only, ES is determined as follows:

$$ES = (S \times .2 \times \text{Pop}\%) + (S \times .8 \times A\%)$$

Where:

"S" is the Budgeted Net Allocable Shelter Services Cost for the Service Year, which equals the County's Budgeted Total Allocable Costs for Shelter Services *less* Budgeted Total Non-Licensing Revenue attributable to Shelter operations (i.e., adoption fees, microchip fees, impound fees, owner-surrender fees, from all Contracting Parties) ~~and less 27% of Estimated New Regional Revenues (ENR) in the Service Year.~~ For purposes of determining the Pre-Commitment Estimated Payments for 2018~~3~~, the Budgeted Net Allocable Shelter Services Cost is ~~\$2,707,453TBD~~\$2,960,088, calculated as shown on Exhibit C-3, and shall be similarly derived to determine the ~~Preliminary and~~ Final Estimated Payments for 2018~~3~~ and for each Service Year. ~~2016 if the Agreement is extended beyond December 31, 2015.~~

"Pop%" is the population of the City, or unincorporated County, expressed as a percentage of the Population of all Contracting Parties.

"A%" is the ~~animal intakes-total number of animals~~ that were: (1) picked up by County Animal Control Officers from within the City, (2) delivered by a City resident to the County shelter, or (3) delivered to the shelter that are owned by a resident of the City, averaged during the Calculation Period and expressed as a percentage of the total number of animals in the County Shelter during the Calculation Period. For purposes of calculating the ~~2013~~-Estimated Payment for each Service Year, the Calculation Period for "A%" is the rolling annual average based on the most recently completed three (3) calendar years (for example 2014-2016 for Service Year 2018)-2014(actual usage). Exhibit C-2 shows a preliminary estimate of "A" for ~~2011-2014-2016~~ used to determine the Pre-Commitment Estimated 2018~~3~~ Payments; the numbers in this exhibit are subject to Reconciliation by June 30, ~~2012~~2017.

Estimated Licensing (EL) cost for each Service Year ~~2013~~ is calculated as follows:

$$EL = (L \times .2 \times \text{Pop}\%) + (L \times .8 \times \text{ALI})$$

Where:

“L” is the Budgeted Net Licensing Services Cost for the Service Year, which equals the County’s Budgeted Total Allocable Costs for License Services in the Service Year *less* Budgeted Total Non-Licensing Revenue attributable to License Services (for example, pet license late fees) in the Service Year ~~and less 6% of Estimated New Regional Revenues (ENR) in the Service Year.~~ For purposes of determining the Pre-Commitment Estimated Payments for ~~2013~~2018, the Budgeted Net Licensing Cost is ~~\$660,375~~TBD\$686,512, calculated as shown on **Exhibit C-3**, and shall be similarly derived to determine the ~~Preliminary and Final~~ Estimated Payments for ~~2018 and each~~2013 and for Service Year, ~~2016 if the Agreement is extended beyond December 31, 2015.~~

“Pop%” is the Population of the City expressed as a percentage of the population of all Contracting Parties.

“ALI” (Average Licenses Issued) is the number of active paid regular pet licenses (e.g., excluding ‘buddy licenses’ or temporary licenses) issued to City residents during the Calculation Period. For purposes of calculating the Estimated Payment ~~in for each Service Year~~2013, the Calculation Period for “ALI” is the rolling annual average based on the most recently completed three (3) calendar years actual usage. Ffor example 2014-2016 for 2018 Service Year.(actual usage) 2011. **Exhibit C-2** shows a preliminary estimate of “ALI” to be used for calculating the Pre-Commitment Estimated 2018~~3~~ Payments; the numbers in this Exhibit are subject to reconciliation by June 30, 2017~~2~~.

Calculation and Allocation of Transition Funding Credit ("TC"), ~~and Shelter Credit ("VSC");~~ ~~and Estimated New Regional Revenue ("ENR")~~

A. Transition Funding Credit

The Transition Funding Credit as originally calculated in the 2010 Agreement offset costs to certain Contracting Cities that would have otherwise paid the highest per capita costs for Animal Services in 2010. The credit was scheduled on a declining basis over four years (2010-2013). In this Agreement, the Contracting Cities qualifying for this credit are listed in Table 1 below; these cities will receive the credit at the level calculated for 2013 in the 2010 Agreement for each Service Year ~~s 2013, 2014 and 2015~~, provided that, application of the credit can never result in the Estimated Payment Amount being less than zero (\$0) (i.e., cannot result in the County owing the City an Estimated Payment). The allocation of the Transition Funding Credit is shown in Table 1 below.

**Table 1: Transition Funding Credit – Annual Amount to be allocated each year ~~in the~~
~~period from 2013-2015~~**

Jurisdiction	Transition Funding Credit
Carnation	\$552
North Bend	\$1,376
Kent	\$110,495
SeaTac	\$7,442
Tukwila	\$5,255
Black Diamond	\$1,209
Covington	\$5,070
Enumclaw	\$11,188
Maple Valley	\$6,027

Note: The Transitional Funding Credit is the same regardless of which cities sign the Agreement.

During Reconciliation, if a City receiving Transition Funding Credit is due a refund as a result of more revenue being collected than was anticipated in the Final Estimated Payment Calculation for the Service Year, the refund amount shall first be applied to reduce the Transition Funding Credit and Shelter Credit until reduced to zero, upon which any excess shall be used to adjust the City's net final cost until the Net Final Cost is zero.

B. Shelter Credit

The Shelter Credit is designed to offset costs for those Contracting Cities whose per capita average shelter intakes (“AA”) exceed the average for all Contracting Parties. During the initial term of this Agreement, a total of \$750,000 will be applied as a credit in each ~~of the~~ Service Years ~~2013-2015~~ to Contracting Cities whose per capita average shelter intakes (“AA”) exceeds the average for all Contracting Parties; *provided that* application of the Shelter Credit can never result in the Estimated Payment amount being less than zero (\$0) (i.e., cannot result in the County owing the City an Estimated Payment.) The ~~2013~~ Shelter Credit shall be calculated annually as part of the Final Estimated Payment Calculation provided prior to the Service year. The Shelter Credit shall be ~~was~~ determined based on the City’s relative per capita three (3) year average of estimated animal intakes (“AA”) for in excess of the three (3) year average for all contracting parties for the same period, Calendar Year 2011 as shown on Exhibit C-2. The \$750,000 was allocated between every Contracting City with animal intakes over the estimated 2011 Program average, based on each Contracting City’s relative per capita animal intakes in excess of the average for all Contracting Parties. The Shelter Credit will be paid at the 2013 level in Service Years 2014 and 2015. The County will consider providing the Shelter Credit in ~~Service Years 2016 the second term and 2017~~ at the same level as for the initial term Service Year 2013.

Table 3: ~~Annual Shelter Credit Allocation – 2013 through 2015~~2018

Commented [A1]: This can be established for 2018 once we close out 2016 and calculate the three year average (2014-2016). (Preliminary)

During Reconciliation, if a City receiving Shelter Funding Credit is due a refund as a result of more revenue being collected than was anticipated in the Final Estimated Payment Calculation for the Service Year, the refund amount shall first be applied to reduce the Transition Funding Credit and

Shelter Credit until reduced to zero, upon which any excess shall be used to adjust the City's net final cost until the Net Final Cost is zero.

C. ~~New Regional Revenue: Estimation and Allocation~~

Goal

~~New Regional Revenue for each Service Year shall be estimated as part of the development of the Estimated Payment calculations for such Service Year. The goal of the estimate shall be to reduce the amount of Estimated Payments where New Regional Revenue to be received in the Service Year can be calculated with reasonable certainty. The Estimated New Regional Revenue will be reconciled annually to account for actual New Regional Revenue received, per Exhibit D.~~

Calculation of Estimated New Regional Revenue (ENR)

- ~~1. The value of the Estimated New Regional Revenue for Service Year 2013 is zero.~~
- ~~2. For Service Years after 2013, the Estimated New Regional Revenue will be set at the amount the County includes for such revenue in its adopted budget for the Service Year. For purposes of the Preliminary Estimated Payment calculation, the County will include its best estimate for New Regional Revenue at the time the calculation is issued, after first presenting such estimate to the Joint City County Committee for its input.~~

Application of ENR

- ~~1. For Service Years 2013 and 2016, 50% of the Estimated New Regional Revenue is incorporated into the calculations of EC and ES and EL as described in Exhibit C, specifically:
 - ~~a. 17% of total Estimated New Regional Revenue is applied to reduce the total Budgeted Net Allocable Control Services Cost.~~
 - ~~b. 27% of total Estimated New Regional Revenue is applied to reduce the total Budgeted Net Allocable Shelter Services Cost.~~
 - ~~c. 6% of total Estimated New Regional Revenue is applied to reduce the total Budgeted Net Allocable Licensing Services Cost.~~These amounts are reconciled as against actual New Regional Revenue (ENR_A) in the annual Reconciliation process. In 2014, 2015 and 2017 the 50% is simply deducted against Budgeted Total Allocable Costs to derive Budgeted Total Net Allocable Costs.~~

2. For each Service Year, the remaining 50% of Estimated New Regional Revenue is first applied to offset County contributions to the Program, in the following order of priority:

- a. Offset payments made by the County to fund Transition Funding Credits, Shelter Credits, Impact Mitigation Credits (if any) and un-reimbursed Licensing Revenue Support.
- b. Offset County funding of Animal Services Program costs that are not included in the cost allocation model described in **Exhibit C**, specifically, costs of:
 - i. The medical director and volunteer coordinator staff at the Kent Shelter.
 - ii. Other County sponsored costs for Animal Services that are not included in the cost models described in **Exhibit C**.
- c. In the event any of the 50% of Estimated New Regional Revenue remains after applying it to items (a) and (b) above, the remainder ("**Residual New Regional Revenue**") shall be held in a reserve and applied to the benefit of all Contracting Parties as part of the annual Reconciliation process, in the following order of priority:
 - i. First, to reduce *pro rata* up to 20% of each Contracting Party's Estimated Total Animal Services Cost Allocation (6th column in the spreadsheet at **Exhibit C-1**), thereby reducing up to all cost allocations based on population. This is the factor "**X**" in the Reconciliation formula.
 - ii. Second, to reduce *pro rata* the amount owing from each Contracting Party with net final costs > 0 after consideration of all other factors in the Reconciliation formula.

Offsets described in (a) and (b) above do not impact the calculation of Estimated Payments or the Reconciliation of Estimated Payments since they are outside the cost model. The allocations described in (c) above, if any, will be considered in the annual Reconciliation as described in **Exhibit D**.

Exhibit C-5
Licensing Revenue Support

A. The Contracting Cities that will receive licensing revenue support in 2013 are listed below (collectively, these nine cities are referred to as the "Licensing Revenue Support Cities"). These Cities have been selected by comparing the estimated 2013 Net Final Costs shown in **Exhibit C-1** to the 2012 Estimated Net Final Cost.² Where the 2013 Net Final Cost estimate was higher than the 2012 estimate, the difference was identified as the 2013 Licensing Revenue Target.

B. For any Licensing Revenue Support City in **Table 1** whose Preliminary 2013 Estimated Payment is lower than the Pre-Commitment Estimate shown in **Exhibit C-1**, the Licensing Revenue Target ("RT") and the Revenue Goal ("RG") will be the reduced by an amount equivalent to the reduction between the Pre-Commitment and Preliminary Estimated Payment amounts for 2013.

Table 1:
2013 Licensing Revenue Support Cities, Licensing Revenue Targets and Revenue Goals*

City	2013 Licensing Revenue Target "RT" (<i>increment</i>)	Base Year Revenue (2011 Estimate per Exhibit C-2) "Base Amount"	Revenue Goal "RG" (<i>total</i>)
City of Carnation	\$966	\$4,752	\$5,718
City of Duvall	\$7,658	\$21,343	\$29,001
City of Kirkland	\$23,853	\$208,000	\$231,853
City of Bellevue	\$34,449	\$273,931	\$308,380
City of Newcastle	\$2,599	\$15,271	\$17,870
City of North Bend	\$6,463	\$15,694	\$22,157
City of Black Diamond	\$2,001	\$10,185	\$12,186
City of Enumclaw	\$5,973	\$25,307	\$31,280
City of Maple Valley	\$6,956	\$56,628	\$63,584

*Amounts in this table are subject to adjustment per Paragraph B above.

C. The 2013 Licensing Revenue Target ("RT") is the amount each City in **Table 1** will receive in 2013, either in the form of additional licensing revenues over the Base Year amount or as a **Licensing Revenue Credit ("LRC")** applied at Reconciliation.

²For Contracting Cities that purchase shelter services from PAWS, the target was based on the Pre-Commitment 2013 Estimated Payment calculated in February 2012 during contract negotiations.

D. As further described in **Section 7** and **Exhibit C-5**, licensing revenue support services include the provision of County staff and materials support (which may include use of volunteers or other in-kind support) as determined necessary by the County to generate the Licensing Revenue Target.

E. In 2014 and 2015, any Licensing Revenue Support City or other Contracting City may request licensing revenue support services from the County under the terms of **Exhibit F**. Provision of such services is subject to the County determining it has capacity to perform such services. *Notwithstanding the foregoing*, a Licensing Revenue Support City for which RT is in excess of \$20,000 per year may receive licensing revenue support service in all three years, but only if by September 1, 2012, it commits to providing in-kind support in all three Services Years by executing the contract in **Exhibit F** with respect to *all 3 Service Years* (2013, 2014 and 2015). Allocation of licensing revenue support services in 2014 and 2015 will be prioritized first to meet the County's contractual commitment, if any, to a Licensing Revenue Support City that has entered into a 3-year agreement for such service. Thereafter, service shall be allocated to Licensing Revenue Support Cities requesting such service on first come, first served basis; and thereafter to any other Contracting City requesting such service on a first come, first served basis.

**Table 2:
Calculation of Estimated Payments and Licensing Revenue Credits
for Licensing Revenue Support Cities**

For Service Year 2013:

- The Estimated Payment calculation will include the 2013 Licensing Revenue Support Target ("RT"), if any, for the City per Table 1 above in the calculation of Estimated Licensing Revenues ("ER") (these amounts are shown in separate columns on **Exhibit C-1**).
- At Reconciliation:
 - For Cities with a $RT > \$20,000$, Actual Licensing Revenue for 2013 (" AR_{2013} ") will be determined by allocating 65% of Licensing Revenues received (if any) over the Base Amount to determine AR_{2013}
 - if Actual Licensing Revenue for 2013 (" AR_{2013} ") \geq Revenue Goal (" RG "), then no additional credit is payable to the City (" LRC " = \$0)
 - If $AR_{2013} < RG$, then the difference ($RG - AR$) is the Licensing Revenue Credit (" LRC ") included in the Reconciliation Adjustment Amount *provided that*, for Cities whose $RT > \$20,000$, 35% of Licensing Revenues over the Base Amount shall be allocated to *increase* (" LRC ") when the value of $ANFC_0$ is being calculated at Reconciliation, *and provided further*, that in all cases **LRC**

cannot exceed the 2013 Licensing Revenue Target for the City.

For Service Year 2014, if the City and County have executed a Licensing Support Contract per Exhibit F, and the City is therefore providing additional in-kind services in order to generate licensing revenue support in 2014, then:

- The Estimated Payment for 2014 will include Estimated Licensing Revenues calculated at the amount of Actual Revenue ("AR") for 2012 or the Revenue Goal (RG), whichever is greater. RG will be the amount in Table 1 for Licensing Revenue Support Cities, or such other amount as the Parties may agree in the Licensing Support Contract.
- At Reconciliation:
 - For Cities with a $RT > \$20,000$, AR_{2014} will be determined by allocating 65% of Licensing Revenues received (if any) over the Base Amount to determine AR_{2014} .
 - If Actual Licensing Revenue in 2014 is greater than the Revenue Goal ($AR_{2014} \geq RG$), then
 - * no Licensing Revenue Credit is payable to the City ($LRC = \$0$), and
 - * The County shall charge the City for an amount which is the lesser of:
 - (a) the cost of County's licensing support services in 2014 to the City (as defined in the Licensing Support Contract for 2014), or (b) the amount by which $AR_{2014} > RG$.
 - If $AR_{2014} < RG$, then the difference ($RG - AR_{2014}$) is LRC. The LRC amount is added to reduce the City's costs when calculating the Reconciliation Adjustment Amount, *provided that*, for Cities whose $RT > \$20,000$, 35% of Licensing Revenues over the Base Amount shall be allocated to *increase* ("LRC") a when the value of ANFC₀ is being calculated at Reconciliation, and *provided further* that in all cases LRC cannot exceed the 2013 Licensing Revenue Target for the City.

For Service Year 2015, the process and calculation shall be the same as for 2014, e.g.: if the City and County have executed Exhibit F, and the City is therefore providing additional in-kind services in order to generate Licensing Revenue Support in 2015, then:

- The Estimated Payment for 2015 will include Estimated Licensing Revenues calculated at the amount of Actual Revenue ("AR") for 2013 (excluding LRC paid for Service Year 2013) or RG, whichever is greater. RG will be the amount in Table 1 for Licensing Revenue Support Cities, or such other amount as the Parties may agree in the Licensing Support Contract.
- At Reconciliation:
 - For Cities with a $RT > \$20,000$, AR_{2015} will be determined by allocating 65% of Licensing Revenues received (if any) over the Base Amount to determine AR_{2015} .

- ~~If Actual 2015 Licensing Revenue is greater than the Revenue Goal ($AR_{2015} \geq RG$), then~~
 - * ~~no Licensing Revenue Credit is payable to the City ($LRC = \$0$), and~~
 - * ~~The County shall charge the City for an amount which is the lesser of:~~
 - (a) ~~the cost of County's licensing support services in 2015 to the City (as defined in the Licensing Support Contract for 2015), or (b) the amount by which $AR_{2015} > RG$.~~
- ~~If $AR_{2015} < RG$, then the difference ($RG - AR_{2015}$) is LRC. The LRC amount is added to reduce the City's costs when calculating the Reconciliation Adjustment Amount, *provided that*, for Cities whose $RT > \$20,000$, 35% of Licensing Revenues over the Base Amount shall be allocated to *increase* ("LRC") when the value of $ANFC_0$ is being calculated at Reconciliation, and *provided further* that in all cases LRC cannot exceed the 2013 Licensing Revenue Target for the City.~~

Exhibit D Reconciliation

The purpose of the reconciliation calculation is to adjust payments made each Service Year by Contracting Parties to reflect actual licensing and non-licensing revenue, and various credits, ~~and New Regional Revenue~~, as compared to the estimates of such revenues and credits incorporated in the Estimated Payment calculations, and to adjust for population changes resulting from annexations of areas with a population of over 2,500 (if any) and the addition of Latecomer Cities. To accomplish this, an “Adjusted Net Final Cost” (“ANFC”) calculation is made each June for each Contracting Party as described below, and then adjusted for various factors as described in this **Exhibit D**.

As noted in **Section 7** of the Agreement, the Parties intend that receipt of Animal Services should not be a profit-making enterprise. When a City receives revenues in excess of its costs under this Agreement (including costs of PAWS or other animal-shelter service providers, if applicable), such excess will be reinvested to reduce costs incurred by ~~other Contracting Parties~~ the County. The cost allocation formulas of this Agreement are intended to achieve this outcome.

Terms not otherwise defined here have the meanings set forth in **Exhibit C** or the body of the Agreement.

Calculation of ANFC and Reconciliation Adjustment Amount

The following formula will be used to calculate the Reconciliation Adjustment Amount, which shall be payable by August 15. The factors in the formula are defined below. As described in paragraphs A and B, the subscript “0” denotes the initial calculation; subscript “1” denotes the final calculation.

<u>ANFC</u> =	<u>Actual</u> <u>Revenue</u>	+	<u>Transition</u> <u>Credit</u>	+	<u>Shelter</u> <u>Credit</u>	=	<u>Budgeted</u> <u>Cost</u> <u>Allocation</u>	=	<u>Other</u> <u>Services</u> <u>Charge</u>	
	<u>AR</u>		<u>TC</u>		<u>SC</u>		<u>BCA</u>		<u>OSC</u>	

$$\text{ANFC}_0 = \text{AR} + \text{TC} + \text{SC} - \text{BCA} - \text{OSC}$$

- A. If $\text{ANFC}_0 \geq 0$, i.e., revenues and credits are greater than costs (adding the cost factor “~~W~~OSC” in the formula for Contracting Cities purchasing shelter services

from PAWS (or other animal service providers) and/or purchasing Enhanced Control Services and/or Enhanced Licensing Support Services), then:

$ANFC_1 = 0$, i.e., it is *reset to zero* and the difference between $ANFC_0$ and $ANFC_1$ is set aside by the County (or, if the revenues are not in the possession of the County, then the gap amount is payable by the City to the County by August 15) and **all such excess amounts from all Contracting Parties where $ANFC_0 - ANFC_1 \geq 0$ are allocated *pro-rata* to the County to offset costs incurred by the County that are not included in the cost allocation model (excluding unincorporated area only costs).** ~~parties for which $ANFC_1 < 0$, per paragraph B below.~~ Contracting Parties for which $ANFC_0 \geq 0$ do not receive a reconciliation payment.

- B. If $ANFC_0 < 0$, i.e., costs are greater than revenues (*without* considering “W” for those Contracting Cities purchasing shelter services from PAWS, ~~(or other animal service providers) or purchasing~~ Enhanced Control Services, and/or Enhanced Licensing Support Services), then the negative dollar amount is not “reset” and $ANFC_1$ is the same as $ANFC_0$. ~~Contracting Parties in this situation will receive a *pro-rata* allocation from the sum of excess revenues from those Parties for which $ANFC_0 \geq 0$ per paragraph A. In this way, excess revenues are reallocated across Contracting Parties with net final costs.~~
- C. If, ~~after crediting the City with its *pro-rata* share of any excess revenues per paragraph B,~~ $ANFC_1 < \text{Total Estimated Payments made in the Service Year}$, then the difference shall be paid by the County to the City no later than August 15, except that if a City is receiving a Transition Credit and/or a Shelter Credit, the difference shall be used to offset the Credit (s) until the Credit (s) are reduced to zero, at which point the remaining difference shall be paid by the County to the City; if $ANFC_1 > \text{Total Estimated Payments made in the Service Year}$, then the difference shall be paid by the City to the County no later than August 15.

Where:

“AR” is **Actual Licensing Revenue, less refunds and rebates**, attributable to the City, based on actual Licensing Revenues received from residents of the City in the Service Year, ~~adjusted for Cities with a Licensing Revenue Target > \$20,000 as described in Exhibit C-5.~~ (License Revenue that cannot be attributed to a specific Party (e.g., License Revenue associated with incomplete address information), will be allocated amongst the Parties based on their respective percentages of total AR).

“TC” is the Transition Funding Credit, if any, for the Service Year.

“SCV” is the Shelter Credit, if any, for the Service Year.

“WOSC” Other Services Charge is the actual amount paid by a City receiving shelter services to PAWS (or other animal service providers) for such services during the Service Year, if any, plus the actual amount paid or owed by a City to the County for the purchase of Enhanced Control Services and/or Enhanced Licensing Support Services, during the Service Year, if any.

“X” is the amount of Residual New Regional Revenue, if any, allocable to the City from the 50% of New Regional Revenues which is first applied to offset County costs for funding Shelter Credits, Transition Funding Credits and any Program costs not allocated in the cost model. The residual is shared amongst the Contracting Parties to reduce *pro-rata* up to 20% of each Contracting Party’s Estimated Total Animal Services Cost Allocation (See column titled “Estimated Total Animal Services Cost Allocation” in the spreadsheet at **Exhibit C-1**).

“LRC” is the amount of any **Licensing Revenue Credit or Charge** to be applied based on receipt of licensing support services. For a Licensing Revenue Support City designated in **Exhibit C-5**, the amount shall be determined per **Table 2 of Exhibit C-5** and the associated Licensing Support Contract, if any. Where a Licensing Revenue Support City is due a Licensing Revenue Credit, the amount applied for this factor is a positive dollar amount (e.g., increases City’s revenues in the amount of the credit); if a Licensing Revenue Support City is assessed a Licensing Revenue Charge, the amount applied for this factor is a negative amount (e.g., increases City’s costs). For any Contracting City receiving licensing support services per a Licensing Support Contract/ **Exhibit F** other than a Licensing Revenue Support City, **LRC** will be a negative amount (increasing the City’s costs) equal to the County’s cost of the licensing support set forth in the Attachment A to the Licensing Support Contract.

“BCA” is the **“Budgeted Cost Allocation-Total Net Allocable Costs”** as estimated for the Service Year for the provision of Animal Services ~~to be~~ allocated between all the Contracting Parties for the purposes of determining the Estimated Payment. The Cost Allocation is the sum of Estimated Control (EC) costs, Estimated Shelter (ES) costs, and Estimated Licensing (EL) costs, calculated as described in **Exhibit C**.

“LF” is the **“Program Load Factor”** attributable to City for the Service Year, calculated as described in **Exhibit C**. **LF** will be recalculated if necessary to account for annexations of areas with a population of 2,500 or more people, or for Latecomer Cities if such events were not accounted for in the Final Estimated Payment Calculation for the Service Year being reconciled.

Additional Allocation of New Regional Revenues after calculation of all amounts

above: If there is any residual New Regional Revenue remaining after allocating the full possible “X” amount to each Party (to fully eliminate the population based portion of costs), the remainder shall be allocated on a *pro rata* basis to all Contracting Parties for which ANFC_i < 0. If there is any residual thereafter, it will be applied to improve Animal Services.

Exhibit E

Enhanced Control Services Contract (Optional)

Between City of _____ ("City") and King County ("County")

The County will ~~to~~ offer Enhanced Control Services to the City during the term of the Animal Services Interlocal Agreement, subject to the terms and conditions as described herein. **The provisions of this Contract are optional to both Parties and shall not be effective unless executed by both Parties.**

A. The City may request services under two different options, summarized here and described in further detail below:

Option 1: for a period of *not less than one year*, the City may request service from an Animal Control Officer dedicated to the City ("Dedicated Officer"). Such service must be confirmed in writing through both Parties entering into this Enhanced Control Services Contract no later than August 15, unless waived by the County, of the year prior to the Service Year in which the service is requested.

Option 2: for a period of *less than one year*, the City may request a specified number of over-time service hours on specified days and time ~~from the 6 Animal Control Officers staffing the three Control Districts~~. Unlike Option 1, the individual officers providing the service will be determined by the County and may vary from time to time; the term "Dedicated Officer" used in the context of Option 2 is thus different than its meaning with respect to Option 1. Option 2 service must be requested no later than 60 days prior to the commencement of the period in which the service is requested, unless waived by the County.

The City shall initiate a request for enhanced service by completing and submitting **Attachment A** to the County. If the County determines it is able to provide the requested service, it will so confirm by completing and countersigning **Attachment A** and signing this Contract and returning both to the City for final execution.

B. The County will provide enhanced Control Services to the City in the form of an Animal Control Officer dedicated to the City ("Dedicated Officer") as described in **Attachment A** and this Contract.

1. Costs identified in **Attachment A** for **Option 1** are for one (1) year of service ~~in each service year beginning in 2018/2019, in 2010 dollars, and include the~~ costs will be based on the budgeted annual previous year's actual costs and

~~include the cost for the service year for which the service is provided, and shall include the cost~~ of the employee (salary, benefits), equipment (~~which shall not exceed 3,000 annually~~) and animal control vehicle for the employee's use). Costs are subject to adjustment each year, ~~limited by the Annual Budget Inflation Cap (as defined in the Agreement)~~.

2. Costs for **Option 2** will be determined by the County each year based on its actual hourly overtime pay for the individual Animal Control Officers providing the service, plus mileage at the federal reimbursement rate. The number of miles for which mileage is charged shall be miles which would not have been traveled but for the provision of the enhanced service.

3. ~~Costs paid for enhanced services will be included in the Reconciliation calculation for each Service Year, as described in Exhibit D of the Agreement: (See "Other Service Charges").~~

- C. Services of the Dedicated Officer shall be in addition to the Animal Services otherwise provided to the City by the County through the Agreement. Accordingly, the calls responded to by the Dedicated Officer shall **not** be incorporated in the calculation of the City's Calls for Service (as further described in **Exhibit C and D** to the Agreement).
- D. The scheduling of work by the Dedicated Officer will be determined by mutual agreement of the contract administrators identified in the Agreement, and (in the case of a purchase of service under **Option 1**) the mutual agreement of officials of other Contracting Cities named as contract administrators that have committed to sharing in the expense of the Dedicated Officer. In the event the parties are unable to agree on scheduling, the County shall have the right to finally determine the schedule of the Dedicated Officer(s).
- E. Control Services to be provided to the City pursuant to this Enhanced Services Contract include Control Services of the type and nature as described under the Agreement with respect to Animal Control Officers serving in Control Districts, and include but are not limited to, issuing written warnings, citations and other enforcement notices and orders on behalf of the City, or such other services as the Parties may reasonably agree.
- F. The County will provide the City with a general ~~quarterly-periodic~~ calendar of scheduled service in the City, and a monthly report of the types of services offered and performed.

G. **For Services purchased under Option 1:** An FTE will be scheduled to serve 40 hour weeks, however, with loss of service hours potentially attributable to vacation, sick leave, training and furlough days, not less than 1600 hours per year will be provided. Similarly, a half-time FTE will provide not less than 800 hours per year. The County shall submit to the City an invoice and billing voucher at the end of each calendar quarter, excepting that during the 4th quarter of each year during the term of this Contract, an invoice shall be submitted to the City no later than December 15th. All invoiced amounts shall be payable by the City within 30 days of the invoice date. Alternatively, the City (s) and the County may agree to include the cost of the Enhanced Services into the Reconciliation process. Either way, if the costs are paid during the Service Year, they shall be credited as part of Reconciliation.

H. **For Services purchased under Option 2:** The County shall submit to the City an invoice and billing voucher at the end of each calendar quarter. All invoiced amounts shall be payable by the City within 30 days of the invoice date. Alternatively, the City (s) and the County may agree to include the cost of the Enhanced Services into the Reconciliation process. Either way, if the cost are paid during the Service Year, they shall be credited as part of Reconciliation.

I. The City or County may terminate this Enhanced Services Contract with or without cause upon providing not less than 3 months written notice to the other Party; provided that, if the City has purchased services under **Option 1** and is sharing the Enhanced Control Services with other Contracting Cities, this Contract may only be terminated by the City if: (1) all such other Contracting Cities similarly agree to terminate service on such date, or (2) if prior to such termination date another Contracting City or Cities enters into a contract with the County to purchase the Enhanced Control Service that the City wishes to terminate; *provided further:* except as provided in Paragraph A. Option 1, a Contract may not be terminated if the term of service resulting is less than one year.

J. All terms of the Agreement, except as expressly stated otherwise in this Exhibit, shall apply to this Enhanced Control Services Contract. Capitalized Terms not defined herein have those meanings as set forth in the Agreement.

IN WITNESS WHEREOF, the Parties hereto have caused this Enhanced Services Contract to be executed effective as of this ____ day of _____, 201__.

Requested Enhanced Control Services End Date: _____*

*term of service must be at least one year, except if purchasing services under Option 2.

Please indicate whether City is requesting services under Option 1 or Option 2:

_____ Option 1:

% of Full Time Equivalent Officer (FTE) requested: _____ (minimum request: 20%; requests must be in multiples of either 20% or 25%)

_____ Option 2:

Overtime Hours purchase from existing ACO staff: _____ hours per (week /month)

General Description of desired services (days, hours, nature of service):

_____.

For Option 1:

Contracting Cities with whom the City proposes to share the Enhanced Control Services, and proposed percentages of an FTE those Cities are expected to request:

_____.

On behalf of the City, the undersigned understands and agrees that the County will attempt to honor requests but reserves the right to propose aggregated, adjusted and

variously scheduled service, including but not limited to adjusting allocations of service from increments of 20% to 25%, in order to develop workable employment and scheduling for the officers within then-existing workrules, and that the City will be allowed to rescind or amend its request for Enhanced Control Services as a result of such proposed changes.

Requests that cannot be combined to equal 50% of an FTE, 100% of an FTE, or some multiple thereof may not be honored. Service must be requested for a minimum term of one-year, except as permitted by Paragraph A. Option 1. Service may not extend beyond the term of the Agreement.

City requests that alone or in combination with requests of other Contracting Cities equal at least 50% of an FTE will be charged at the rate in Column 1 below.

City requests that alone or in combination with other requests for Enhanced Control Services equal 100% of an FTE will be charged at the rate in Column 2 below.

Cities may propose a different allocation approach for County consideration.

An FTE will be scheduled to serve 40 hour weeks, however, with loss of hours potentially attributable to vacation, sick leave, training and furlough days, a minimum of 1600 hours per year will be provided. A half-time FTE will provide a minimum of 800 hours per year. For example, a commitment to purchase 20% of an FTE for enhanced service will result in provision of not less than 320 hours per year.

Hours of service lost for vacation, sick leave, training and furlough days will be allocated on *pro rata* basis between all Contracting Cities sharing the services of that FTE.

Column-Option 1 - Example 1: Aggregate of 50% of an FTE Requested by all Participating Cities	Column-Option1 - Example 2: Aggregate of 1 FTE Requested by all Participating Cities
Cost to City: (% of Half-Time FTE requested) x \$69,18276.038/year in 2018\$75,000/year in 2010*	Cost to City: (% of FTE requested) x \$145118,1526,288/year in 2018000/year in 2010*
Example: if City A requests 25% of an FTE ** and City B requests 25% of an FTE**, then each city would pay \$18,75019,01017,295 -for Enhanced Control Services from July 1, 2010-2018 through December 31, 2011-2018 (6 months).	Example: If City A requests 25% of an FTE and City B requests 25% of an FTE and City C requests 50% of an FTE, Cities A and B would pay \$14,37514,536769 -and City C would pay \$28,75029,072538 for Enhanced Control Services from July 1, 2010-2018 through December 31, 2011-2018 (6 months)
** (50% of a Half-Time FTE)	

* This example is based on 2010-2018 budgeted costs. ~~Actual~~ costs will be based on actual Service Year budgeted costs.

For Option 2:

On behalf of the City, the undersigned understands and agrees that the County will confirm what services, if any, it can provide, and at what costs, by completing this Attachment A, and the City must signify whether it accepts the County's offer by signing the Enhanced Services Contract.
