<sup>2</sup> On November 20, 2017, Council directed staff to create an Arts and Culture Fund by setting up a new project G-112 in the CIP fund to be funded with the existing Council Contingency. The \$0.2 million appropriation reflects the first year (2018) of the 5-year designation.

<sup>4</sup> Adjusts capital project timing to align budget with project expenditures to reduce cash flow in 2018. There is no impact to the construction schedule. Also reduces capital project costs by \$1.6 million to fund PW-R-185 Newport Way Improvements.

The mid-biennium shifts the West Lake Sammamish project forward to align project timing with the Utilities Department project.

<sup>7</sup> On May 15, 2017, staff briefed Council on the increased cost for Newport Way Improvements. The funds for the increase will be transferred from PW-R-166 - 124th Ave NE - NE Spring Blvd to Ichigo Way, with funding made available due to a previously awarded state grant (Ordinance No. 6351).

<sup>8</sup> Project budget is proposed to be shifted in years to match project expenditure timing. There is no impact to the construction schedule. This purely updates to match anticipated known invoice payments.

<sup>9</sup> Project budget is proposed to be shifted in years to match project expenditure timing. There is no impact to the construction schedule. This purely updates to match anticipated known invoice payments.
