POLICY CONSIDERATION

Bellevue City Code/State Law:

- Under Bellevue City Code 4.32.070 and RCW 35.94.040, the City can dispose of Utilities-owned real property interests, including release of permanent easements, determining by Resolution that the property in question is surplus to the City's needs and is not required for providing continued public utility service. Under the same provisions, at a separate City Council meeting, the Council can approve the release following a public hearing.

City Procedure:

- The City has a procedure in place for releasing or modifying easements. An easement may be released, upon approval by the Council, if the easement is no longer needed, there is no foreseeable future need for the easement and, if applicable, the City has obtained any needed replacement easements.

BACKGROUND

On March 5, the City Council approved Resolution 9378 declaring a portion of the subject easement surplus to the City's needs and no longer required for providing continued public utility service. The next step in this process is for the Council to hold a public hearing. This hearing is a public comment opportunity regarding the proposed partial water easement release. Following the hearing, staff requests Council action on the proposed Resolution authorizing the partial release of the subject easement.

This water easement was granted to the City of Bellevue on April 30, 2001 and filed under King County

Recording Number 20010622000109. This property is currently being redeveloped as new condominium townhomes called Upton at Crossroads Village and the property owner has asked the City to release a portion of the existing water easement so they may move forward with developing their property.

Utilities Department staff have reviewed the partial easement release request and confirmed that the subject portion of the existing fifteen-foot water easement is no longer needed because the old water main has been relocated within the property. A new water easement will be granted for the location of the new water main, as a condition of the building permit. Therefore, staff recommends authorizing the partial release of the existing water easement bearing King County Recording Number 20010622000109.

This public hearing was advertised in the newspaper of record and notices were sent to property owners within a 500-foot radius of the property with the subject easement.

EFFECTIVE DATE

If approved, this Resolution becomes effective immediately upon Council adoption.
