EXECUTIVE SUMMARY

This Resolution will authorize the execution of a general services agreement for on-call landscape maintenance and irrigation services with Canber Corps. This is one of four on-call landscape contracts which give departments flexibility in terms of scheduling and assessing qualifications needed to perform required project work, among other factors.

RECOMMENDATION

Move to adopt Resolution No. 9538

If approved, effective date: 01/22/2019

BACKGROUND/ANALYSIS

In an effort to simplify and streamline procurement processes, the Finance & Asset Management Department has collaborated with other departments to identify a number of common service areas for which one competitive process can be conducted for all departments to utilize. The goal is to develop a variety of on-call contracts for staff to utilize to reduce costs and enhance efficiency through use of negotiated contracts.

The City's Procurement Services Division is coordinating these efforts and will continue to competitively solicit pricing agreements for other common service areas where appropriate. These on-call contracts do not guarantee that the contractor will receive a specific volume of work, a specific total contract amount, or a specific order value. They are structured as time and materials contracts with specific hourly rates, terms, and conditions. Should the 2019-2024 budgets reduce or eliminate funding for these kinds of services, the City is under no obligation to continue to do business with these vendors. Council approval is required because the annual expenditure for the services in is anticipated to exceed \$90,000.

On-call contracts are re-bid at the end of each contract cycle; the previous contracts for on-call landscaping ended in 2018. The City received four proposals on RFP 18114 for on-call landscape maintenance and irrigation services for January 2019 to January 2024. The proposals were scored by the selection panel in accordance with the published evaluation criteria including qualifications and price. All four respondents are being awarded contracts to provide flexibility to departments for scheduling and for qualifications needed to perform required project work, among other factors. This is

one of four Resolutions for on-call landscape contracts before Council. The submittal from Canber Corps will provide the City with fair and reasonable value.
