Toni Call, Director, 452-7863

Jamie Robinson, Assistant Director, 452-6843

*Finance & Asset Management Department*

**EXECUTIVE SUMMARY**

Goods and services purchased from the vendors listed in Attachment A support projects or programs approved by Council and all funds are currently appropriated in the 2019 Operating and Capital Investment Program Budget. Total expenditures will be monitored by department and procurement services staff and items/services will not be requested from any vendor unless sufficient funds are available to cover the associated costs.

**RECOMMENDATION**

Move to adopt Resolution No. 9545.

If approved, effective date: 02/11/2019

**BACKGROUND/ANALYSIS**

The City issues annual purchase orders for small items and routine services (such as temp agencies) not stocked by the departments. Individual goods and services ordered utilizing purchase orders are for less than the City's formal bid limit such as for materials, supplies, equipment, and services. Since the aggregate value of these annual purchase orders is expected to exceed \$90,000 in 2019, Council approval is required.

It is in the best interest of the City to select vendors that offer the most competitive pricing. The purchase orders, outlined in Attachment A, are typically structured as pricing agreements for specific negotiated pricing, applicable discounts and other terms and conditions. The City is under no obligation to purchase any specific amount from these vendors but rather uses the account on an as needed basis.

A list of purchase orders, including vendor names, product or services description and the annual estimated expenditures where the total expenditures are projected to be above \$90,000 by year end, is available in Attachment A. The expenditures against these annual purchase orders will not exceed the amounts listed in Attachment A without additional Council action.
