

BELLEVUE BOTANICAL GARDEN

National Public Gardens Week

May 13-19, 2019

Celebrate the Public Gardens in Your Community!

The week after Mother's Day, many of the nation's public gardens will offer special events and activities to encourage visitors to explore and discover their local public gardens, while learning about each garden's commitment to education, research and environmental stewardship. The Bellevue Botanical Garden is honored to participate in this special week.
