

MEMORANDUM

| | |
|----------------|--------------------|
| _____ | Action |
| X _____ | Information |
| _____ | Discussion |

DATE: June 6, 2019

TO: Environmental Services Commission

FROM: Mike Paul, Construction Services Manager

SUBJECT: Environmental Services Commission Capital Investment Program Tour

Action Required at this Time

No action by the commissioners is required at this time. This is an informational tour.

Background

On July 11, 2019 the Commission will travel by van to tour up to six CIP project sites (time permitting) including:

- Pikes Peak Reservoir
- Midlakes Sanitary Sewer Pump Station
- NE 8th St Culvert Replacement at Kelsey Creek
- 136th Ave NE Water Inlet Station
- Meydenbauer Bay Park Sewer and Pump Station
- Meydenbauer Basin Storm Drainage Improvements

This tour and briefing is informational and provides the Environmental Services Commission and other meeting attendees with information about current and upcoming projects in the Utilities Capital Investment Program (CIP).

Transportation will not be provided for the public. However, maps will be available for those that would like to follow the tour. Walking shoes, hard hats and high visibility vests are recommended for members of the public that wish to access active construction sites.
