

CITY COUNCIL REGULAR SESSION

Motion to award Bid No. 19052 for Storm Dig and Repair 2019 to Shoreline Construction, as the lowest responsive and responsible bidder, in an amount not to exceed \$276,953 plus all applicable taxes (CIP Plan No. D-64).

Nav Otal, Director, 452-2041

Linda De Boldt, Assistant Director of Engineering, 452-4625

Utilities Department

EXECUTIVE SUMMARY

This motion will award Bid No. 19052 to Shoreline Construction for Storm Dig and Repair 2019.

RECOMMENDATION

Move to award Bid No. 19052 for Storm Drain Dig and Repair 2019 to Shoreline Construction.

If approved, effective date: 10/07/2019

BACKGROUND/ANALYSIS

The work for this project involves repairing and replacing existing cracked and deformed storm drainage pipes at six different locations within the City. As the City's storm drainage infrastructure ages, pipelines, catch basins and other system components deteriorate to the point that some components are at risk of failing whereas other components become insufficient to handle increased run-off. Repair or replacement of these critical facilities is needed to prevent failures that could result in increased flooding, erosion and liability claims. Repair and replacement benefits include reduced water quality complaints and reduced maintenance costs. Locations for system repairs or rehabilitation are identified by the City's condition assessment program, field observation by City staff or reported by citizens. This project will be done under CIP D-64.

Bids were opened on September 5 and are as follows:

Shoreline Construction Company	\$276,953.00
Kar-Vel Construction	\$307,019.00
Laser Underground & Earthworks	\$337,040.00
KC Equipment LLC	\$349,440.00
Kamins Construction	\$355,504.20
Redtail	\$368,749.50
Revolution Civil Builders	\$369,951.00
Westwater Construction	\$387,711.00
Road Construction NW	\$379,548.50
Earthwork Enterprises	\$394,774.00
NPM Construction Co	\$435,062.20
Grade, Inc	\$443,225.28
W.S. Contractors	\$485,612.00

Engineer's Estimate

\$373,707.00

To the best of staff's knowledge, all factors that normally contribute to construction expense have been accounted for in the plans and in the Engineer's Estimate. It is our experience that construction projects of this type usually result in some amount of field changes. Such claims are rigorously reviewed and only those that are clearly necessary to accomplish the intent of the contract, but have somehow not been provided for, will be paid.

POLICY & FISCAL IMPACTS

Policy Impact

Utilities Department policies: The Utility shall identify drainage capital projects that prevent or reduce flooding or property damage, protect or improve water quality, and maintain or improve the reliability and integrity of the drainage system.

Utilities Department practice: Rehabilitate or replace deteriorated elements of the storm drainage system to ensure that utility customers are provided with consistent and reliable service. CIP Plan No. D-64 has been designated to do this.

Bellevue City Code: BCC Section 4.28.040 requires the City to competitively bid public works in accordance with the Code and state law. Council approval is required to award the bid where the cost exceeds \$90,000.

Fiscal Impact

Awarding this bid commits the City to payment of \$276,953, plus all applicable taxes. This contract is fully funded through the Storm System Conveyance Repairs and Replacement Program (CIP Plan No. D-64). Sufficient funds have been budgeted to fund this contract in the 2019-2025 CIP Budget.

OPTIONS

1. Award Bid No. 19052 for Storm Dig and Repair 2019 to Shoreline Construction, as the lowest responsive and responsible bidder, in an amount not to exceed \$276,953 plus all applicable taxes (CIP Plan No. D-64).
2. Award contract to another bidder, if low bidder is rejected.
3. Reject all bids and re-bid at a later date.
