

City of Bellevue

Floodplain Regulations LUCA

Mike Brennan, Trisna Tanus and Nick Whipple

Development Services Department

June 15, 2020

Direction Needed from Council

Enter a finding of necessity for Council to retain processing of this LUCA and direct staff to prepare the recommended LUCA for public hearing and final action in July

Agenda

Floodplains Regulatory Framework

Objectives of this LUCA

Recommended LUCA Components

Public Engagement

Direction Needed from Council

Floodplain Regulatory Framework

“Frequently Flooded Areas” includes:

1. Land subject to One-Hundred-Year Flood
2. Areas identified on the Flood Insurance Rate Map(s) (FIRMs) in the Flood Insurance Study (FIS)

Purpose of Regulations:

- Delineate flood-prone areas
- Avoid and minimize damage to life, property and the environment
- Preserve and promote healthy floodplains and biological processes

Frequently Flooded Areas Map

- Lake Bellevue
- Larsen Lake
- Phantom Lake
- Lake Sammamish
- Most streams

Federal Flood Insurance

- The City has participated in the National Flood Insurance Program (NFIP) since December 1, 1978
- The City has a Class 5 rating in FEMA's CRS, which equals a 25% discount on NFIP policies
- As of April 17, 2020, the NFIP has paid out 65 flood claims to Bellevue's residents and businesses for a total amount of \$906,231
- However, with Bellevue's effective floodplain management, there have been only five substantial damage claims in the City since 1978

Objectives of this LUCA

- FIRMs and FIS are used for eligibility in the NFIP
- FEMA transmitted new FIRMs and FIS to the City on February 19
- The LUCA is to adopt the new FIRMs and FIS, and conform the LUC to federal and state standards
- The City is required to adopt this LUCA by August 19 for continued eligibility in the NFIP for residents and businesses
- **If the City does not meet this requirement, residents and businesses would immediately lose their NFIP backed insurance**

Recommended LUCA Components

Staff has worked closely with DOE to recommend a narrowly tailored LUCA

1. Amendments to Definitions

2. Amendments to Performance Standards:

- New standard for automatic entry and exit of floodwaters for garages
- New standard to allow waterproofing of utilities
- “Existing Development Declared Legally Nonconforming” to rely on the Critical Areas “Existing Primary Structure(s)” provisions

New terms:	Amended terms:
Alteration of watercourse	Base flood elevation (BFE)
Area of special flood hazard	Flood or flooding
Base flood	Flood Insurance Rate Map (FIRM)
Flood elevation study	Floodproofing
Floodplain or flood-prone area	Floodway
Floodplain administrator	Substantial improvement
Highest adjacent grade	
Historic structure	
Mean sea level	
New construction	
Start of construction	
Variance	

Recommended LUCA Components

3. Amendments to the Variance Process:

- New requirement for a Variance when a development does not incorporate all required performance standards
- New decision criteria for consistency with federal standards

4. Amendments to Procedures:

- New subsection for submittal requirements for consistency with federal standards
- New subsection for clarity in administration and enforcement of the floodplain regulations

Public Engagement

Three modes of outreach are proposed:

- Process IV Requirements - noticing and public hearing
- Direct Mailing Notice – courtesy notice sent directly to property owners and residents impacted by floodplains
- Online Presence – webpage launched during the week of June 8, and includes FAQs, public information regarding LUCA progression, and contact information for public comment

LUCA Process

Process IV – City Council Legislative Action

- June 15 Study Session: Council introduced to the LUCA
- June 30 EBCC: Introduce to EBCC
- July Regular Session: Public Hearing and Final Action
- August 4 EBCC: Public Hearing and Approve/Disapprove
- August 19 Required Effective Date

Direction Needed from Council

Enter a finding of necessity for Council to retain processing of this LUCA and direct staff to prepare the recommended LUCA for public hearing and final action in July.
