EXECUTIVE SUMMARY

The purpose of the public hearing is to solicit input on the proposed partial release of an existing water line easement located at 12863 Northup Way. If approved, the Resolution would authorize execution of the release document.

RECOMMENDATION

Move to adopt Resolution No. 9802

BACKGROUND/ANALYSIS

On June 15 the City Council approved Resolution No. 9771 declaring that a portion of an existing water easement is surplus to the City's needs and is no longer required for providing continued public utility service. The next step in this process is for the Council to hold a public hearing. This hearing is a public comment opportunity regarding the proposed release. Following the hearing, staff requests Council action on the proposed Resolution authorizing the partial release of the subject easement.

The existing water line easement was granted to the City of Bellevue on November 8, 1974 and filed under King County Recording Number 7411150470. The property owner has requested that the City release a portion of the existing water easement as the water facilities will be relocated within the property as a part of their redevelopment of the property.

Utilities Department staff has reviewed the release request and confirmed that this portion of the existing water easement is no longer needed. A new easement will be granted for the new water facilities as a condition of the development permit. Therefore, staff recommends authorizing the partial release of the existing water line easement bearing King County Recording Number 7411150470.

This public hearing was advertised in the newspaper of record and notices were sent to the property owners within a 500-foot radius of the property with the subject easement.

POLICY & FISCAL IMPACTS

Policy Impact

Bellevue City Code/State Law

Under BCC 4.32.070 and RCW 35.94.040, the City can dispose of Utilities-owned real property interests, including release of permanent easements, determining by resolution that the property in question is surplus to the City's needs and is not required for providing continued public utility service. Under the same provisions, at a separate City Council meeting, the Council can approve the release following a public hearing.

City Procedure

The City has a procedure in place for releasing or modifying easements. An easement may be released, upon approval by the Council, if the easement is no longer needed, there is no foreseeable future need for the easement and, if applicable, the City has obtained any needed replacement easements.

Fiscal Impact

Releasing a portion of this easement has no fiscal impact to the City because the easement was provided to the City at no cost. Per the guidance laid out in the City's Easement Release Procedure, no compensation is required for the release of an easement that was obtained at no cost.

OPTIONS

1. Hold the Public Hearing and adopt the Resolution authorizing the execution of documents necessary to release a portion of an existing water line easement located at 12863 Northup Way, which has been declared surplus to the City's needs and is no longer required for providing continued public utility service; the granting and recording of such partial release being deemed in the best interest of the public.
2. Hold the Public Hearing, do not adopt the Resolution and provide alternative direction to staff.
