EXECUTIVE SUMMARY

RECOMMENDATION

Move to adopt Ordinance No. 6526

BACKGROUND/ANALYSIS

The 2019-2025 CIP includes PW-R-170, 130th Avenue NE – Bel-Red Road to NE 20th Street Project. The 130th Avenue NE Project is one of the projects in the City's Transportation Infrastructure Finance and Innovation Act (TIFIA) loan package, as it was identified as a part of the broad Bel-Red Plan and transportation vision of supporting planned growth and economic vitality, improving access and circulation, and capturing synergistic opportunities with Sound Transit's East Link Project.

The project provides multi-modal improvements along 130th Avenue NE between Bel-Red Road and NE 20th Street. The improvements include curb, gutter, sidewalk, landscaping, illumination, drainage, water quality treatment, bicycle facilities on both sides of the street, on-street parking at select locations, mid-block crossing, intersection improvements including turn lanes at NE Spring Boulevard (formerly NE 16th Street), and traffic signal and intersection modification at NE 20th Street and at Bel-Red Road.

In order to complete the project, the acquisition of property rights from 23 parcels are required. See Attachments for descriptions of property rights needed, including depictions and legal descriptions. These property rights will be used for constructing curbs, sidewalks, and on-street parking improvements on 130th Avenue NE between Bel-Red Road and NE 20th Street and are limited to what is reasonably necessary for project construction.

The attachments also include a vicinity map and a copy of the publication notice.

Adoption of the proposed Ordinance would empower the City Attorney's Office to commence a condemnation action to keep the project on schedule, and further enables property owners to sell their property rights to the City, by agreement, in lieu of condemnation.

While the proposed Ordinance would provide condemnation authority to ensure that all the required property rights can be obtained in a timely manner, it is staff's intention to continue to negotiate with the affected property owners with the aim of arriving at mutually agreeable purchases for all needed property rights.

As required by condemnation statutes, notice of Council's meeting to consider adoption of this Ordinance has been mailed to the property owners of record of the listed properties, and has also been published in *The Seattle Times*.

POLICY & FISCAL IMPACTS

Policy Impact

Under Bellevue City Code 4.30.010 and RCW 8.12.040, major real property acquisitions must be approved by the City Council. RCW Chapter 8.12 establishes the authority and procedure for cities to acquire property by condemnation for streets, street improvements and other public purposes. The statutes provide that when a city seeks to condemn property for a public purpose, it must first provide notice in the local newspaper as well as by certified mail to the affected property owners. The statutes further provide that the city indicate that compensation for acquisitions be made from applicable city funds, or, if applicable, by special assessment upon the property benefitted by the project.

Under WAC 458-61A-206, transfers of real property to a governmental entity under an imminent threat of the exercise of eminent domain are not subject to real estate excise tax.

Under 26 U.S. Code § 1033, transfers of real property to a governmental entity under an imminent threat of the exercise of eminent domain may qualify for federal tax benefits, including tax-deferred exchanges.

The cost to acquire property rights, through negotiation or condemnation, is included in the 130th Avenue NE – Bel-Red Road to NE 20th Street project budget (CIP Plan No. PW-R-170).
