

CITY COUNCIL REGULAR SESSION

Resolution determining that a portion of an existing water easement located at 8000 NE 16th Street is surplus to the City's needs and is no longer required for providing continued public utility service; and setting a time and place for a public hearing to consider the partial release of this easement.

Toni Call, Director, 452-7863

Ira McDaniel, Real Property Manager, 452-4182

Daniela Munoz, Real Property Agent, 452-4247

Finance and Asset Management Department

Sean Wells, Development Review Manager, 452-4855

Utilities Department

EXECUTIVE SUMMARY

This Resolution determines that a portion of an existing water easement located at 8000 NE 16th Street is surplus to the City's needs and is no longer required for providing continued public utility service.

RECOMMENDATION

Move to adopt Resolution No. 9822

BACKGROUND/ANALYSIS

This action involves declaring a portion of an existing water easement located at 8000 NE 16th Street is surplus. This water easement was granted to the City of Bellevue on April 4, 2008 and filed under King County Recording Number 20080521000637. The owner of the subject property is Overlake Golf Course. Its tenant and adjacent neighbor, St. Thomas School, is in the process of constructing a new gymnasium on the Overlake Golf Course property. The footprint of the new construction extends over a portion of the existing water main and easement. Overlake Golf Course and St. Thomas School are proposing to relocate the existing water main and requesting a partial release of the water easement so they may move forward with construction.

Utilities Department staff have reviewed the release request and confirmed that a portion of the existing fifteen-foot water easement is no longer needed because the old water main has been relocated within the property. A new water easement will be granted for the location of the new water main, as a condition of the building permit. Therefore, staff recommends declaring a portion of the existing water easement bearing King County Recording Number 20080521000637 as surplus and that it be partially released.

If Council adopts the recommended Resolution declaring a portion of this easement as a surplus, staff proposes to return on November 2 to assist the Council in holding a public hearing. At this hearing the public will be able to comment on the proposed water main easement release. Following the hearing, staff will request Council action on a proposed resolution authorizing the partial release of this water easement.

POLICY & FISCAL IMPACTS

Policy Impact

Bellevue City Code/State Law

Under Bellevue City Code 4.32.070 and RCW 35.94.040, the City can dispose of Utilities-owned real property interests, including release of permanent easements, determining by resolution that the property in question is surplus to the City's needs and is not required for providing continued public utility service. Under the same provisions, at a separate City Council meeting, the Council can approve the release following a public hearing.

City Procedure

The City has a procedure in place for releasing or modifying easements. An easement may be released, upon approval by the Council, if the easement is no longer needed, there is no foreseeable future need for the easement and, if applicable, the City has obtained any needed replacement easements.

Fiscal Impact

Declaring a portion of this easement surplus has no fiscal impact to the City because the easement was provided to the City at no cost. Per the guidance laid out in the City's Easement Release Procedure no compensation is required for the release of an easement that was obtained at no cost.

OPTIONS

1. Adopt the Resolution determining that a portion of an existing water easement located at 8000 NE 16th Street is surplus to the City's needs and is no longer required for providing continued public utility service; and setting a time and place for a public hearing to consider the partial release of this easement.
- 2.
3. Do not adopt the Resolution and provide alternative direction to staff.
