

MEMORANDUM

Phone: 425-452-6105

Date: March 9, 2021

To: Parks & Community Services Board

From: Kim Indurkar, Community Services Supervisor – Highland Community Center

Subject: City of Bellevue Parks “Choices Plan” for those living with disabilities
(Information only- No Board action required)

At the March 9th Park Board meeting I will present an information-only overview of the City of Bellevue’s “Choices Plan,” see attached. The Choices Plan details how Parks & Community Services provides adaptive recreation opportunities as well as inclusion support for community members living with developmental and/or physical disabilities. The Choices Plan was created in 2006 and updated in 2018.

I will provide information to the Board on where adaptive recreation takes place in the City of Bellevue, how inclusion works within Parks & Community Services, and how this plan may differ from other city models. The plan established by the City of Bellevue meets the requirements set forth by the Americans with Disabilities Act (ADA) of 1990. This presentation will assist the Park Board in its ongoing education about recreation programs and services provided to Bellevue residents.
