

MEMORANDUM

Bellevue Parks &
Community Services

DATE: May 11, 2021

TO: Parks & Community Services Board

FROM: Christy Stangland, Human Services Planner

SUBJECT: Human Services Needs Update
(Board feedback requested)

Bellevue's Human Services Needs Update is an analysis of the health and human services trends and issues that affect the quality of life of Bellevue residents. The Needs Update is used by the Human Services Commission to guide the recommendation for allocation of our Human Services Fund and Community Development Block Grant to the City Council. The Human Services Division staff use the document to direct our work and forecast how the city can prepare for changes in human services. Staff will provide the background of the Needs Update and the methods for gathering data.

The Human Services Division is asking the Parks and Community Services Board for their input for the 2021-2022 Needs Update or areas that they see are human services needs in the community.
