On the motion of:			
Seconded by:			
The following resolution was adopted:			
Repeal the Comprehensive Transportation Project List from Volume 2 of the Comprehensive Plan			

WHEREAS, Chapter 36.70A.010 RCW documents state Legislative findings that uncoordinated and unplanned growth, together with a lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state; and

WHEREAS it is in the public interest that citizens, communities, local governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning; and

WHEREAS, Chapter 3.64.070 Bellevue City Code establishes the powers and duties of the Planning Commission to act in an advisory capacity to the City Council by holding public hearings and conducting studies, performing analyses, and preparing reports requested by the City Council, and shall review, advise and make recommendations to the City Council on the comprehensive plan and other planning documents of the city to determine if the city's plans, goals, policies and land use ordinances and regulations implement the state Growth Management Act and promote orderly and coordinated development within the city; and

WHEREAS, The City Council initiated a Comprehensive Plan Amendment to repeal the Comprehensive Transportation Project List from Volume 2 of the Comprehensive Plan on April 5, 2021; and

WHEREAS, The Transportation Department staff recommends repealing the Comprehensive Transportation Project List from the Comprehensive Plan and to use the Transportation Improvement Program (TIP) project list as the one citywide inventory of transportation projects, thereby eliminating the need to amend the Comprehensive Plan to add, delete or amend a transportation project; and

WHEREAS. The Transportation Improvement Program (TIP) is updated annually after Transportation Commission review and recommendation and will be the complete inventory of transportation projects that are identified through long-range planning, corridor planning and engineering studies; and

WHEREAS, the Planning Commission has conducted Final Review according to LUC 20.30I for the repeal of the Comprehensive Transportation Project List from Volume 2 of the Comprehensive Plan, and held an information and review study session with Transportation Department staff on June 23, 2021; and

WHEREAS, the Planning Commission held a Final Review public hearing on July 28, 2021, after the city on July 1, 2021 published notice of the Final Review public hearing, and provided the staff recommendation and all materials submitted to the public record; and

WHEREAS the Planning Commission finds that the proposed amendment is consistent with all the Final Review Decision Criteria in LUC 20.30I.150.B.1-5:

**20.30I.150 Final Review Decision Criteria**

The Planning Commission may recommend, and the City Council may adopt or adopt with modifications an amendment to the Comprehensive Plan if:

- A. There exists obvious technical error in the pertinent Comprehensive Plan provision; or
- B. The following criteria have been met:
  - 1. The proposed amendment is consistent with the Comprehensive Plan and other goals and policies of the City, the Countywide Planning Policies, the Growth Management Act, and other applicable law; and
  - 2. The proposed amendment addresses the interests and changed needs of the entire City as identified in its long-range planning and policy documents; and
  - 3. The proposed amendment addresses significantly changed conditions since the last time the pertinent Comprehensive Plan map or text was amended. See LUC 20.50.046 for the definition of "Significantly Changed Conditions;" and
  - 4. If a site-specific proposed amendment, the subject property is suitable for development in general conformance with adjacent land use and the surrounding development pattern, and with zoning standards under the potential zoning classifications; and
  - 5. The proposed amendment demonstrates a public benefit and enhances the public health, safety and welfare of the City.

NOW THEREFORE the Planning Commission recommends to the City Council that it repeal the Comprehensive Transportation Project List (21 107724 AC) from Volume 2 of Comprehensive Plan.
