EXECUTIVE SUMMARY

This motion will approve the payment of claims and payroll for the month of July 2021.

RECOMMENDATION

Move to approve payment of claims and payroll for the period July 1, 2021 – July 31, 2021.

BACKGROUND/ANALYSIS

The information presented in the Fiscal Impact section covers all claims and payroll payments during the month of July. Typically, this item would have been put forward for Council approval at the second session in August, however due to the recess, this item is being submitted at the first regular session in September. August's agenda item for Claims & Payroll will be submitted at the second regular session in September. All payments made during this period were found to be valid claims against the City. Details are available from the Financial Services Division of the Finance & Asset Management (FAM) Department.

The City's internal controls include certification of the validity of all payments by the appropriate department prior to submission for payment. The FAM Director has delegated authority for the examination of vouchers and authorization of payments to the Financial Services Manager and Accounts Payable, Procurement and Payroll staff. Centralized Accounts Payable staff review all claims payments and Payroll performs system validation and exception reviews to validate payroll records. The Business Expense Coordinator in Financial Services reviews all expense reimbursement claims. In addition, the Financial Services Manager performs a random sampling review of supporting documentation for claims payments to ensure validity. The FAM Department regularly reviews its processes to ensure appropriate internal controls are in place.

POLICY & FISCAL IMPACTS

Policy Impact

RCW 42.24.080 requires that all claims presented against the City by persons furnishing materials, rendering services, or performing labor must be certified by the appropriate official to ensure that the materials have been furnished, the services rendered, or the labor performed as described, and that the claims are just, due and unpaid obligations against the City, before payment can be made.

RCW 42.24.180 allows expedited processing of the payment of claims when certain conditions have been met. The statute allows the issuance of warrants or checks in payment of claims before the legislative body has acted to approve the claims when: (1) the appropriate officers have furnished official bonds; (2) the legislative body has adopted policies that implement effective internal control; (3) the legislative body has provided for review of the documentation supporting the claims within a month

of issuance; and (4) that if claims are disapproved, they shall be recognized as receivables and diligently pursued.

Bellevue City Code
BCC 4.40, Audit of Claims, provides that the Director of Finance and Asset Management or his/her designee will examine all claims prior to payment.

BCC 4.40.030 allows for periodic reporting of the payments to Council for approval. To meet these requirements, FAM staff schedule payment of claims and payroll for monthly Council approval on the Consent Calendar.
