## **Public hearing to update Parks and Open Space System Plan**

NOTICE IS HEREBY GIVEN that the Bellevue Parks & Community Services Board will hold a public hearing during its meeting at 6:00 PM on Tuesday, September 14, 2021 to consider the City of Bellevue's Parks and Open Space System Plan update. The public hearing will be held virtually via Zoom webinar. The agenda for the meeting will be published on or about September 9th, 2021.

The Parks and Open Space System Plan is the primary tool used to guide the long-term growth and development of Bellevue's parks and open space system. The core of the plan is a set of 20-year capital project recommendations. These long-term recommendations are reviewed and updated approximately every six years. The hearing is an opportunity for City of Bellevue residents and other stakeholders to provide input regarding long-term objectives for acquisition, preservation or development of parks, community facilities, trails and open space in Bellevue.

Interested persons are encouraged to participate in the virtual public hearing. Comments can be provided in-person at the public hearing or submitted in writing before the public hearing. To be added to the speaker list at the public hearing, please sign-up by 3:00 p.m. on September 14, 2021. Additional opportunities to engage with this planning effort will be posted at this website as available, including a forthcoming survey in which Bellevue park users are invited to answer questions about how they use parks and what types of parks they would like to see in the future.
