## Description and Scope

The Pavement Preservation Program funds the design, and construction of Bellevue's annual pavement overlay contract as well as the data-collection and analysis effort that informs the five-year paving plan. The Pavement Preservation Program cost-effectively supports other programs by repairing curb, gutter, and sidewalks adjacent to paving sites; constructing new pavement markings through paving and sealing projects using principles from Vision Zero, the Pedestrian Bicycle Plan, and the Downtown Implementation Plan; replacing in-pavement traffic signal detection equipment as part of resurfacing; contributing design resources and construction funding toward restoring pavement following utility repair and replacement work. In 2020, approximately 15% of the program's annual budget is allocated for pavement restoration work on behalf of the Utilities Department. This proposal also funds the Bridge Preservation Program that maintains a current inventory of the city's bridges, performs Federally mandated inspections, and implements repairs and preservation projects.

## Rationale

Investment in roadway and walkway maintenance contributes to smooth traffic circulation and reduces the long-term cost of major reconstruction by extending the life of Bellevue's transportation system and preserving the City's investment in existing facilities. The project also funds Federal Highway Administration mandated bridge inspection, inventory, and minor maintenance activities.

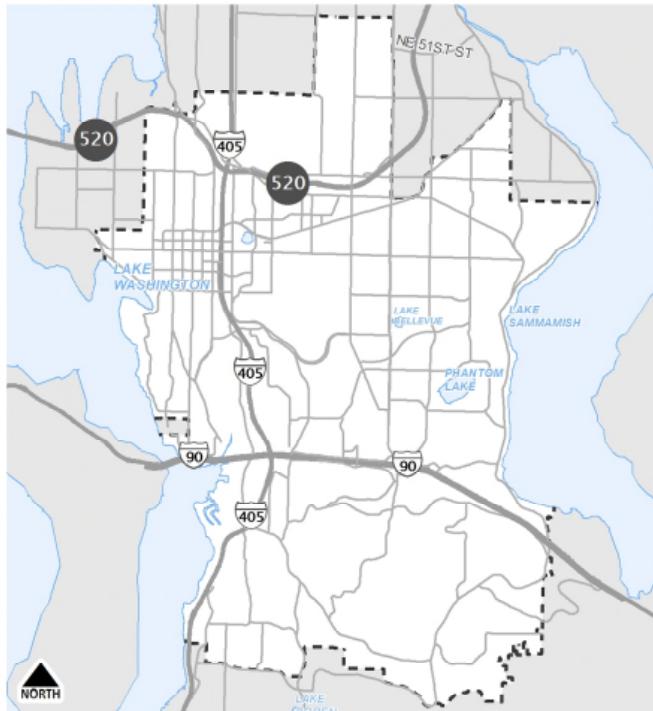

## Environmental Impacts

This program fund projects that are primarily maintenance-oriented and implemented on previously improved rights of way, so environmental issues are minimal and are addressed as appropriate on a location-by-location basis.

## Operating Budget Impacts

Operating costs for this program will determined on a project specific basis as required.

## Project Map

## Schedule of Activities

<b>Project Activities</b>	<b>From - To</b>	<b>Amount</b>
Project Costs	Ongoing	186,448,017

**Total Budgetary Cost Estimate:** 186,448,017

## Means of Financing

<b>Funding Source</b>	<b>Amount</b>
Charges for Services	529,656
Contributions from Other City Funds	1,013,000
Developer Contributions	645,505
Federal Grants	6,943,646
General Taxes & LTGO Bond Proceeds	27,016,216
Interlocal Contributions	898,729
Local Improvement District	101,971
Private Contributions	63,405
Real Estate Excise Tax	142,608,273
Transportation Funding	6,627,616

**Total Programmed Funding:** 186,448,017

**Future Funding Requirements:** 0

## FY2021-2027 Capital Investment Program

### Comments

Administrative d. 5/27/21: Decrease Federal Grant funding by \$1.4 million to reflect the PSRC's reallocation of funding from the 148th Ave SE Preservation Project (PW-M-1) to MTSG 132nd Ave SE to 142nd Ave SE (PW-W/B-84). Corresponding increase in Transportation Funding.

Revised 6/21/2021 (Ord. 6579): Decrease project costs by \$750k; transfer local funds to PW-R-209.

Revised 7/12/2021 (Ord. 6583): Increase program costs by \$750k funded by an increase in the federal STP Grant for BelRed Preservation.
